U.S. Jets Win Again; Troops Gain In East Despite Red Shelling

$325 Raise Voted City School Staff

Teachers And Clerks To Benefit Sept. 1-4 And Janitors Aug. 16

A $325 flat annual salary increase to each of 202 full-time teachers, janitors, office clerks and other employees of East Liverpool schools was ordered by the Board of Education at a special four-hour session Monday night.

The boost, provided by a 3-mill levy approved at the May primary, will amount to $65,726.

It will become effective for janitors Aug. 16, for office clerks Sept. 1 and for teachers on the opening day of school, Sept. 4.

Every employee of the school system will benefit as a part-time custodian of the Walkers School getting $92.37 was increased to $100 per month.

The board chose the $325 as a medium between the $300 and $350 estimates under consideration for several weeks

O. E. Hall, president, and Raymond S. Buzzard indicated they favored $300 while James D. Bennett urged $350.

The Finance Committee, made up of Buzzard and Bennett, failed to make a recommendation because of their inability to agree on a figure.

I. A. Hoffman offered the motion to split the difference.

J. E. Curry, who voted for $325 "to make it unanimous", said he believed teachers in the lower brackets should receive more.

Apparently arguing against the $350 figure, Curry cited the costs of repairs, improvements and supplies needed during the coming year and added the Building and Grounds Committee already has started such work, realizing funds would be insufficient after salaries are paid.

The 3-mill levy, according to Superintendent W. G. Fordyce, will produce $102,833 per year, based on 100 per cent collection of the $34,277,810 property valuation.

Fordyce said the $325 boost will increase the total salary requirements for the coming year to $631,936.

However, the State Legislature raised retirement benefits from about 7 to 9 per cent, increasing deductions for this fund next year from $38,832 to an estimated $56,874—up $18,042.

The annual increments given teachers for each year of experience were estimated at $3,000.

These two items would take $21,042 of the levy money, leaving about $16,065 for building maintenance books, light and heat, supplies and other expenses.

Buzzard declared approximately 86 per cent of all money received by the school the past year has gone for salaries, leaving the board 14 per cent for other expenses.

He said the $86,768 to be paid in increases and pension requirements out of the $102,833 revenue will maintain the 86 per cent mark.

Both Bennett and Hoffman argued the 3-mill levy probably will net more than the estimated $102,833 because of the county's reappraisal of real estate. Buzzard declared the taxes to be collected in 1952 will be based on this year's valuation and there will be no add-

Transit Strike Ends In Detroit

Wage Raise Battle Remains Up In Air

DETROIT, June 19 (AP)—Trolley cars and city busses rolled on Detroit's streets again today for the first time in two months.

An end came last night to the nation's longest major municipal transit strike in history.

Without their demanded wage increase, the A. F. L.'s 3,500 streetcar and bus drivers came back to work this morning after a walkout of 59 days

Mediation or arbitration will settle the wage issue.

A fight still apparently remains over Michigan's anti-strike law affecting public employees, a major element in the transit dispute.

Defense-busy Detroit returned to normalcy. Actually, however, it never had been greatly disturbed production-wise by the long strike.

At no time had there been any serious impairment to factories employing hundreds of thousands of men.

Striking drivers, at a mass meeting last night, roared acceptance of their leaders' recommendation that they quit the walkout.

Union heads gave up the battle grudgingly.

Patrick McIntyre, president of Division 26 of the operators' union, said he was acting in the interest of the public and strikers Each striker lost an estimated $750 in pay.

Taft Backs Present Controls

DiSalle Blocked By House Group On Price Slashes

WASHINGTON, June 19 (AP)—The House banking committee has put a hand on Price Director Michael V. DiSalle's meat price cleaver, tentatively voting to prohibit the two additional beef price cuts DiSalle plans.

The committee acted last night after strong administration support and a renewed flow of cattle to the slaughter pens apparently had made the ex-mayor of Toledo victor in his toughest price fight. Cattle raisers and meat packers have fought the order.

DiSalle has declared the success of the whole effort to control prices and wages may hinge on his efforts to chop live beef prices 19 per cent. A first-stage 10 per cent cut is in effect. DiSalle scheduled further reductions, each 4½ per cent, on Aug. 1 and Oct. 1.

The Senate banking committee yesterday defeated, 7 to 5, a proposal similar to the one the House group approved, to bar further price rollbacks.

Meanwhile, as both House and Senate banking committees were urged by the administration to get out a stiff new controls law, Senator Taft (R) of Ohio called for a five-month extension of present economic controls. He also proposed a delay until Dec. 1 of any decision on enacting new taxes.

His move today was seen in some quarters as a Republican reply to a tacit bid by Mobilization Director Charles E. Wilson yesterday for a compromise to get action by the lawmakers before the present law expires June 30.

With proponents of an "as-is" status apparently in the majority, the Senate banking committee may vote today on a proposal by Senator Capehart (R) of Indiana to continue the present controls act, as Taft proposed, until Dec. 1. Senator Sparkman (D) of Alabama suggested an extension to March 31, instead.

The House banking committee's 12-11 vote against further cuts in the price of beef on the hoof was on an amendment to the new Defense Production Act the committee is considering. This is the statute giving the government most of its powers to regulate prices, wages, production and credit. President Truman has asked a two-year extension and

Increased Bus Fares To Start In City July 14

Councilmen Approve 10-Cent Rides And Transfers At 2 Cents

Beginning July 14 East Liverpool bus fares will be a straight 10 cents cash and the cost of transfers will double, from 1 to 2 cents.

City Council assured the increase with unanimous approval of an ordinance regulating fares of the Valley Motor Transit Co. Monday night.

The new legislation eliminates cut-price tickets that for the last three years have sold at 10 for 85 cents—the equivalent of an 8½-cent fare. Cash fares have been 10 cents since the last schedules were established in July, 1948.

Replying to two men who appeared at the meeting to protest the increase, councilmen said the action was taken to assure that the company would continue to pay its drivers 10-cent hourly wage raises granted in March.

Larry Finlay of Sophia St. complained that the company "discriminates" against passengers on the Newell and Chester lines by refusing to honor transfers issued on other runs. The fact that the East Liverpool-Chester Bridge is freed of tolls will mean another saving for the bus company, he said.

L. J. Smurthwaite of Pleasant Heights protested that the company should not be permitted to charge the same fares for all city lines, regardless of length.

The Pleasant Heights run is only a mile, but other city lines are two or three miles, he said.

Councilman Bert H. Goodballet made the principal reply.

He said council investigated the bus company's fare request for two weeks, considering all the points Smurthwaite and Finlay raised and many others.

He said council was considering mainly the fact that the company said it needed higher fares to continue its drivers' wages at the current level.

Council learned that competent drivers have left the utility to take better-paying jobs, Goodballet said.

Councilman Albert L. Hall pointed out that Trades and Labor Council first opposed the raise, then reversed itself when it learned that drivers' wages were tied in with the fare boost.

Ship Accord Appears Near On West Coast

Prolonged Walkout Looms, However, In East And Gulf Area

NEW YORK, June 19 (AP)—American shippers and C. I. O. seamen braced themselves today for a prolonged maritime tie-up that has left scores of vessels idle in Atlantic and Gulf coast ports.

But on the west coast there is hope for a settlement today between ship owners and striking radiomen.

Federal Mediator Omar Hoskins said in San Francisco last night that he was "optimistic" after union and company officials recessed overnight. An official of the C. I. O. American Radio Association said an agreement might come today.

In New York, federal mediators were unsuccessful in new attempts to bring shippers together with delegates from three C. I. O. unions.

The government conciliators planned more meetings today.

Both sides refused to budge from their original positions yesterday as Cyrus S. Ching, chief of the Federal Mediation and Conciliation Service, arrived here from Washington to step into the conflict.

The unions, led by the 60,000-member National Maritime Union, waited for the ship owners to make a move.

The N. M. U, which sets the pattern for the other maritime unions, is demanding a 40-hour week, a 25 per cent wage increase, paid vacations and elimination of so-called inequities.

N. M. U. pay scales now range from $213 a month for messmen to $315 for boatswains. Engineers get from $368 to $696 for chiefs. Radiomen get a basic monthly wage of $352.

900 Pilots Walk Out In Airlines Pay Fight

CHICAGO, June 19 (AP)—Nine hundred A. F. L. pilots of the United Airlines went on strike across the nation early today.

A spokesman for the A. F. L. Airline Pilots Association said that the strike will not affect pilots flying on the Korean Pacific airlift operation.

He said pickets were set up at key centers, including New York, Chicago, Newark, Denver, Salt Lake City, Los Angeles, San Francisco, Portland, Ore., and Seattle.

Oatis Faces Czech Trial In Few Days

Associated Press Man Charged With 'Hostile Activities'

LONDON, June 19 (AP)— Reports from Prague today said the Czech foreign ministry has informed the United States embassy that Associated Press Correspondent William Oatis will be placed on trial within a few days.

Oatis, 37, was arrested April 23 on charges of hostile activities toward the Czechoslovak government.

The Prague report said Vilem Siroky, Czech foreign minister, told U.S. Ambassador Ellis O. Briggs of Oatis' forthcoming trial when Briggs called at the foreign ministry last Friday afternoon.

Oatis' arrest did not become known until April 26, nearly 72 hours after his disappearance from his office and lodgings in Prague. He was last seen while preparing to keep an appointment. Three Czech agents seized him as he was putting his car in his garage.

A native of Marion, Ind., Oatis had gone to Prague last June as chief of the A. P. bureau there.

Shortly before his arrest, he had informed the U.S. embassy he was being shadowed.

At the time his arrest was announced, Frank Starzel, general manager, said the A.P. knew no basis for the charges against him.

Oatis had been writing for the A.P. since 1937, except for four years when he was in the U.S. Army during World War Two.

The Czech announcement of April 26 said the charges against him included activities hostile to the state, gathering and disseminating information considered secret by Czechoslovakia and spreading malicious information regarding the Czech state through illegal news channels. The announcement said he had misused Czech citizens in his activities.

Western sources in Prague speculated that his arrest was designed to set the stage for the trial of Vladimir Clementis, former Communist foreign minister who is now in jail on charges of anti-Moscow Titoism.

The Prague report today said it is believed the correspondent may be given a public trial before the state court in Prague.

Four other employees of the A.P. in Prague, all Czechs, disappeared in the month before Oatis' arrest. Presumably they too are being held as defendants or witnesses.

Cardinal's Trial Set Friday In Hungary

BUDAPEST, June 19 (AP)—Archbishop Josef Grosz, 64, highest-ranking Roman Catholic prelate in Hungary since the imprisonment of Josef Cardinal Mindszenty, will go on trial Friday on charges of plotting against the Communist government, black market currency dealings, helping persons to flee this country and other offenses.

Parking Meters Set For East End Streets

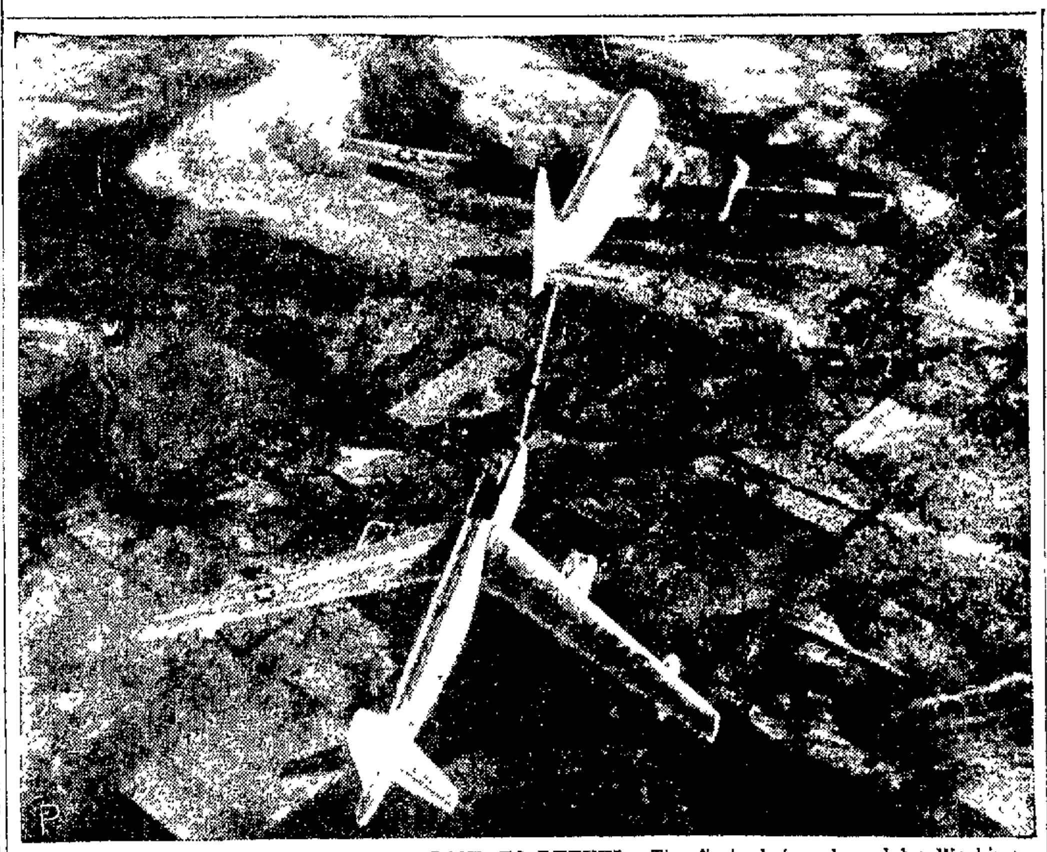
City Council gave the first of three readings Monday night to legislation that would authorize East End's first parking meters.

The ordinance calls for meters on both sides of Mulberry St., the First Ward's business district, from Pennsylvania Ave. to the Pennsylvania Railroad Co. tracks. It also would put meters on Pennsylvania Ave. from Mulberry St. a block east to First Ave.

Councilman Bert H. Goodballet explained that councilmen agreed to give the ordinance only first reading so that businessmen will have a chance to object before final passage.

Complaints on crowded parking conditions on Mulberry St. came to council several weeks ago and last night's action followed an investigation by councilmen and Police Chief L. J. Wise.

Downtown East Liverpool has had meters since the Fall of 1947, but none has been used in East End.



JET BOMBER DOESN'T HAVE TO LAND TO REFUEL. The first photo released by Washington of the actual refueling of a 600-mile-an-hour B-47 Stratojet bomber in mid-air shows the Stratojet (bottom) connected to the tanker plane, a Stratofreighter, by the telescopic fuel boom. The fuel pipe is flown into a slipway coupling in the nose of the jet bomber and fuel is pumped at a high rate of speed from the tanker. Perfecting of this method will increase greatly the operating range.

South Chinese Might Revolt, Probers Told

Admiral Badger 10th Witness At Inquiry Into MacArthur Case

WASHINTON, June 19 (AP) — Vice Admiral Oscar C. Badger told senators today he believes there is a chance South China may revolt against the Communists.

Badger, one of the Navy's old China hands, testified as the 10th witness in the dismissal of the ouster of General Douglas MacArthur as Pacific commander.

He read to the investigating committees a report he had made to the War College here last March 14.

This said the area of Manchuria, inner Mongolia, Sinkiang, "and possibly North China", is "generally deemed to be securely under Communist control and definitely subservient to Moscow".

But in the areas of China to the south, it said, there is still "a chance of revolutionary repercussion against Communist tyranny and imperialism".

Badger said he had seen nothing since March to make him change his views.

Speaking generally, Badger also told the senators the over-all objectives of the U.S. should be to:

1—"Create and maintain world conditions so that Russia will deem it unwise to undertake World War three.

2.—"Initiate promptly and undertake those political, economic, humanitarian and military objectives which, in case of war with Soviet Russia, would permit us to engage under the most favorable terms."

A senator said Badger also testified that the U.S. joint chiefs of staff in 1943 opposed Russia's entry into the war against Japan.

Legislators Find Aid Working Well On European Tour

WASHINGTON, June 19 (AP)— A congressional committee returned today from a 10-day trip to Europe, apparently convinced that American aid programs are getting good results and should be continued.

But there is a general belief that western European nations receiving military and economic help could provide more co-operation.

The group of 16 House members represented the foreign affairs, armed services and appropriations committees. They visited England, France, Italy, Norway, The Netherlands and Western Germany.

They were unanimous in their praise of progress made in building up western European defenses since General Dwight D. Eisenhower took charge of Atlantic Pact forces in western Europe.

County To Sell 191 Parcels For Old Taxes

A big chunk of Columbiana County real estate—191 parcels valued at $14,920—will be up for auction to collect taxes all next week in Courtroom 2 at Lisbon. Sales begin at 9.30 a. m.

County Treasurer Vincent C. Judge reminded prospective purchasers that these parcels can be retained only by full payment. The Whittemore Contract plan of payment is out.

Thirty-four properties will be up for sale Monday and 37 on Tuesday. The balance is scheduled as follows: June 27-37; June 28-42, and June 29-41.

Twenty-one tracts are in East Liverpool, 34 in Liverpool Township, 11 in St. Clair Township and five in East Liverpool School District.

Salem has 4, Wellsville, 2, East Palestine, 21, Salineville, 14, Columbiana, two and Lisbon, one. The others are in township and school district taxing areas.

Iran Appeals To U.S. Envoy For Oil Help

Asks Grady To Push Britain For O.K. Of Nationalization Plan

TEHERAN, Iran, June 19 (AP)—Premier Mohammed Mossadegh appealed to U.S. Ambassador Henry F. Grady today to try to persuade the British to co-operate in Iran's nationalization of oil.

The ailing premier called Grady to his bedside for a talk a few hours before what may be the peak of the oil crisis in this sensitive spot at Russia's side door.

London reports said the British-owned Anglo-Iranian Oil Co. will come forward tonight with an offer of 10-million pounds (28 million dollars) in answer to Iran's cash demands. This is short of Iran's demands for 75 per cent of the oil profits since March, plus a deposit of the remaining 25 per cent to meet the company's possible compensation claims. A.I.O.C. negotiators will meet with government officials at 8 p.m., the deadline Iran set for satisfaction of her demands.

But at Abadan, Mossadegh's right-hand man, Hossein Maki, declared Britain must meet Iran's full demands or "we will shut off the valves" and "take over" A.I.O.C. tomorrow.

British officials at Abadan, site of the world's biggest refinery, said they felt this is the day on which the fate of A.I.O.C. will be settled.

The British feel that if nothing final is settled at the meeting tonight, the back of the crisis will be broken and a way open for eventual settlement.

But if Iran rejects the British cash offer outright and attempts to seize the plant, British sources said privately they will withdraw all their skilled oil workers from the country at once.

57 Planes Take Part In Latest Clash

U.N. Warships And Enemy Batteries In Duel Off Wonsan

TOKYO, June 19 (AP) — For the third straight day, American pilots today beat Red air men in a big jet battle over northwestern Korea.

U. S. Saber jets damaged four Russian-type MIG-15's as Allied infantrymen knocked North Koreans off key ridges on the eastern battlefront. On the sea fronts, United Nations warships silenced a challenge by accurate Communist shore batteries.

Twenty-seven Saber jets battled 30 Red jets today in the most evenly matched of the current air fights. They ran their three-day score to six Red jets shot down and 12 damaged.

The battle spread over a wide area around Sonchon, 35 miles from the Manchurian border. It was the deepest recent penetration of Korea by Red jets in force.

The Fifth Air Force did not say, as it usually does, that all Saber jets returned safely from today's battle.

North Koreans opened up with a terrific artillery barrage in an effort to halt Allied infantrymen in the east. But U.N. troops drove ahead two miles in their deepest penetration of that front this year and straightened Allied battlelines.

Fierce fighting broke out when the advance carried the Allies to the crest of a ridge line looking down on a Red supply area. A seesaw battle broke out and was the only noteworthy action along the front.

The dominating ridge changed hands six times in the afternoon.

Eighty miles to the northwest, Communist shore batteries fought an hour-and-a-half artillery duel with besieging U.N. warships.

The shore-to-sea battle erupted Monday afternoon at Wonsan, east coast port besieged more than four months. Accurate Red fire burst close to U.N. warships and shrapnel splattered on the decks.

Marine Corsair fighter planes and naval gunfire silenced the shore batteries.

$7,000 Blaze Razes Church

Parsonage Saved In Hookstown Fire

Raging flames early this morning gutted the 51-year-old Hookstown Free Methodist Church on the old Hookstown - Georgetown Road. Loss was estimated at $7,000.

Rev. O. J. Stangroom, who resides in the nearby parsonage, was out of town and the blaze was not noticed until about 6 a. m. when a neighbor, James McMasters, notified a nearby church member, Avery Gillespie.

Gillespie said the flames were out of control when he reached the church. He directed water from a small hose on the parsonage to keep it from catching fire.

The 36-by-40-foot structure was erected in 1900. It has approximately 26 members.

The church had just been redecorated and a new furnace installed. Insurance will cover about $3,000 of the loss, Gillespie said.

He said the fire apparently started in the back part of the church. The furnace had not been used recently and there was no wiring in the rear of the church, Gillespie added.

Only the stone walls remained.

Strike Hits Atomic Jobs

OAK RIDGE, Tenn., June 19—About two-thirds of the 1,200 A.F.L. construction workers on two atomic projects have gone on a wildcat strike because the Wage Stabilization Board has not approved over-ceiling wage boosts.

Moral Rebirth In Government Called For As Quiz Begins

WASHINGTON, June 19 (UP) — Comptroller General Lindsay C. Warren today told senators there has been "an undoubted weakening of moral standards" in government and out of it.

So far as the government is concerned, he said Congress itself must shoulder part of the blame.

Warren, Uncle Sam's boss accountant, is an agent of Congress rather than of the President.

The comptroller general gave his views as a lead-off witness in hearings on government moral standards before a Senate labor subcommittee. He endorsed a proposal to set up a commission of distinguished citizens to draft methods of shoring up the moral level of the government, including the ethics of Congress.

Warren said the vast majority of government employees — especially career government workers — are honest, capable and conscientious, but he said there are some exceptions, and he added:

"A few rotten apples may not contaminate the whole barrel, but they certainly make it smell."

Warren told the subcommittee, headed by Senator Douglas (D) of Illinois, that during World War Two "shockingly low moral standards" were exhibited by those concerned with war contracts, both in government and business.

Saying the government is now in another period of huge defense spending, Warren said:

"We cannot afford, with the present size of our national debt, another spree of waste, profligacy and utter disregard for the public interest."

Nor can the people afford to "excuse unconscionable conduct", he continued, by those who plead that they stayed "within the letter of the law".

There was a time, Warren said, when he thought the government needed no written code of ethics, but that is true no longer.

As for the war years, he said:

"Some high government officials made it the rule, rather than the exception, to accept cocktail parties, hotel bills and even transportation from contractors while at the same time drawing travel expenses and allowances from the government.

"We saw them accepting outrageously expensive gifts from contractors. We saw contracting officers accepting without a blush gratuities from those whose performance they were passing on for the government."

He said that "to put it mildly" this made the government "more liberal" in dealing with contractors.

He declared that even some Army and Navy officers "used the uniform to feather their own nests".

A recent check of a government agency, which he did not identify, showed, Warren said, that "in one regional office every employee had received gifts. They ranged from television sets, cases of liquor and watches to hosiery. The employees seemed to think this to be their inalienable right, a prequisite of their jobs".

Warren said prompt action was taken in that case and the gifts were returned.

He declared a code of ethics would help cure a condition where "many business people think that they must be a little shady to get any business from the government. Others think they must hire an intermediary who operates along the fringes of the law".

Warren also called for (1) tough criminal laws to punish bribery; (2) a prohibition against talking official business in cocktail lounges and at social functions; (3) "a compulsory full-time course" on how the American taxpayer pays the bills, as part of the training of all government officials and employees.

'Big Eye' Peers Into Space For Secrets Of Universe

LOS ANGELES, June 19 (AP) — Palomar's "big eye" has reached 2,000 million million million miles into space and found vast groups of runaway stars which further support the theory that the universe is exploding, a noted astronomer reported today.

This is described as the first significant work of the 200-inch Hale telescope in the area outside our own Milky Way or galaxy.

The achievement constitutes a long step toward determing the size and nature of the universe, the position of the earth in it and whether there may be many more earths and solar systems similiar to ours.

This was reported by Dr. Milton L. Humason in a paper prepared for the Astonomical Society of the Pacific. Dr. Humason is secretary of the Mt. Wilson and Palomar observatories and an expert in starlight analysis.

In 1942, he calculated the runaway speed of star bodies 250 million light years away. The new work takes the measurement on out to 360 million light years, a distance increase of roughly 50 per cent.

To get the new data, Dr. Humason had to sit for as long as six hours at a stretch in a fantastic-looking cradle at the upper end of the telescope, seven stories above the observatory floor.

The objects he observed were whole clusters of galaxies, so distant that even the big eye did not distinguish individual stars, or even single galaxies.

In his research, Dr. Humason found star groups 300 million light years ago with a runaway speed of 31,000 miles a second. Another group 330 million light years distant was speeding away at 34,000 miles a second. The third group, 360 million light years out, was going away at 38,000 miles a second. These figures confirmed the speed factor of the red shift.

The speed of light is the yardstick which astronomers will use for measuring the distances of the outermost objects observable in space. But the red shift in starlight complicates things for them. They must check on star groups as far away as possible to see if their calculation of the speedup rate will hold all the way.

They also must determine, if possible, whether this red shift represents actual runaway movement or whether it is some as yet unknown phenomenon of nature.

Dr. Humason's next goal is 500 million light years ago. This is about as far as the big eye can see.

Diced cooked turnip tastes good mixed with cooked peas and carrots.

Ultimatum To Russia Urged As Vets Rally

CLEVELAND, June 19 (AP)—H. Dale Shields of Forest in Hardin County is the only announced candidate for the past which normally leads to the state commandership of the United Spanish War Veterans.

Nominations were today's order of business at the organization's 53rd annual encampment.

Shields has announced his candidacy for the post of junior vice-commander.

George F. Horn of Cleveland is in line to move up to senior vice commander and Robert L. Hinds of Toledo is in line to become state commacder. He would succeed David Mitchell of Dayton.

Yesterday, delegates to the state encampment heard Harry E. Williams of Portland, Ore., the organization's commander in chief, advocate an American ultimatum to Russia.

He proposed that the U. S. demand that the Soviets make the Chinese Reds get out of Korea.

If Russia took no action, he said, the United States should use "every available military weapon at our disposal and use them on Moscow, not the Chinese".

3 British Jets Crash

BIGGIN HILL, England, June 19—Three meteor jet fighter planes crashed within 10 minutes during training flights here yesterday. The pilots of all three were killed. Winston Churchill visited the field earlier, but left before the accidents.

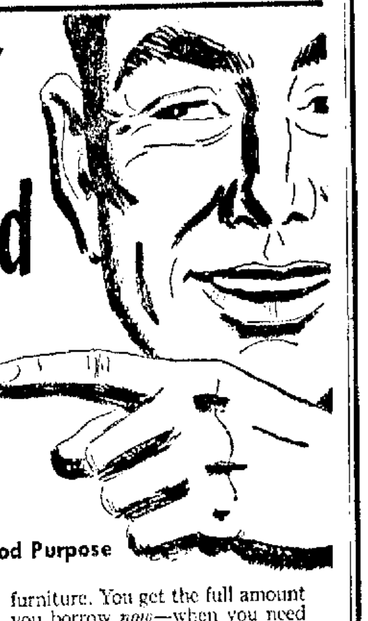
Wake Up To More Comfort

Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!



MONEY for any good purpose!

Ohio Assembly Returns To Act On 17 Vetoes

Heavy Slate Makes Hopes For One-Day Meeting Unlikely

COLUMBUS, June 19 (AP)— Ohio's legislators swarmed back into the big stone building at Broad and High today.

They hope to adjourn permanently after one day's work — but at least 17 matters make it seem unlikely.

Governor Frank J. Lausche, working last last night, vetoed seven more legislative bills, running his total to 18.

One veto previously was overridden, leaving the House and Senate 17 to cope with today. A three-fifths vote of the legislature is needed to override a veto.

Lausche last night vetoed three items — totaling $3,203,000 in the state's proposed budget for the next two years.

The governor disapproved a $3,203,000 item for local governments for a deficiency in state matching of poor relief funds in 1949-50 and two allowances of $50,000 each for commissions to investigate the workmen's compensation law and the state Highway Department.

He let a measure banning transportation, display and possession of slot machines become law without his signature.

Other acts he let become law the same way include:

An increase in maximum workmen's compensation benefits from $30 to $32.50 weekly, with corresponding raises in death benefits and funeral expenses.

An increase in the annual salaries of state officials as follows—governor, $13,000 to $20,000; lieutenant governor, $4,000 to $6,000; secretary of state, auditor, treasurer and attorney general, $8,500 to $12,000, and state senators and representatives, $2,500 to $3,200.

Judges' salaries also were increased. The Supreme Court chief justice was boosted from $12,600 to $16,500; Supreme Court judges, $12,000 to $16,000; appellate judges, $8,000 to $13,500, and the state's share of common pleas judges' salaries, $3,000 to $4,000.

Other measures Lausche let become law, although unsigned, were a measure licensing aircraft in the state and removing them from the personal property duplicate and one appropriating $268,000 to air-condition the Senate and House chambers and committee rooms.

He approved a bill setting up a 12 - member legislative committee to make a continuing study of subversive activities in Ohio and another measure providing $3,000,000 for rehabilitating and equipping school buildings in school districts not well off financially.

Lausche approved an act allowing $696,310 in sundry claims and another that would permit taxing of radio and television transmitting equipment at 50 per cent of its value.

The Democratic governor vetoed these measures among others:

An act giving the Welfare Department authority to inspect day nurseries.

A proposal to investigate the Ohio Industrial Commission.

A measure to make safety inspections of autos compulsory. Lausche said the expense and inconvenience to motorists would not be worth it.

A proposal to raise to $25 weekly the minimum for previously-granted workmen's compensation claims paid the permanently and totally disabled.

Acts he signed included those providing a $15 monthly increase in pensions of school teachers who retired prior to June 30, 1947; appropriation of $19,262,038 in new money, and reappropriation of $23,000,000 in unencumbered monies for capital improvements.

Both houses have adopted a resolution setting today as the final meeting of the 99th General Assembly, barring any special session that might be called. Clocks will have to be covered if the lawmakers do not complete their work by midnight.

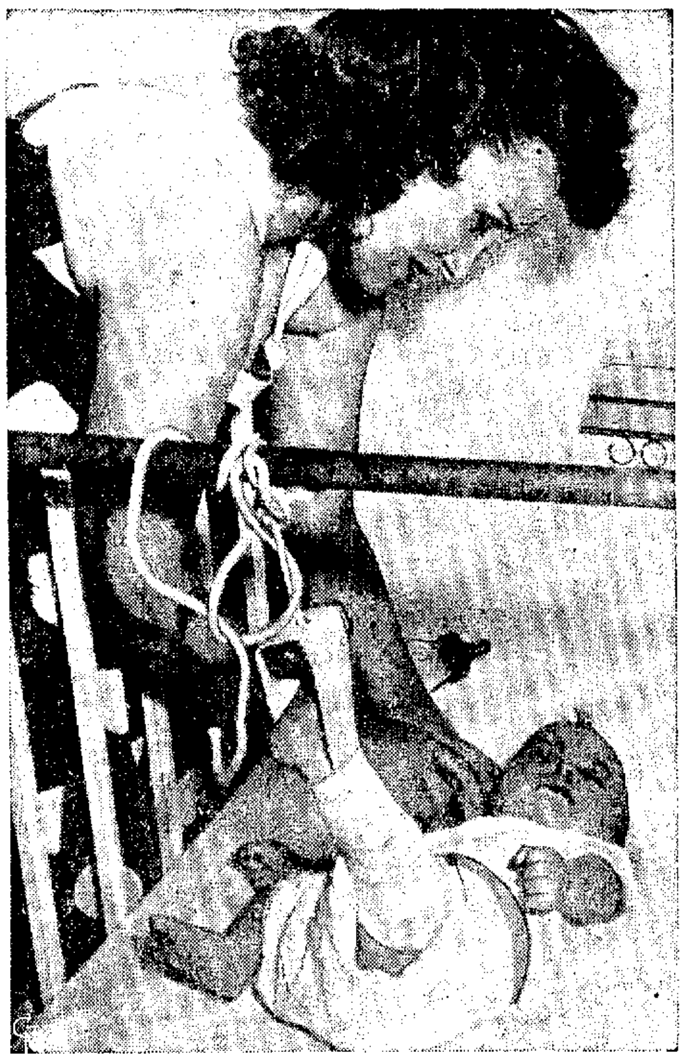
Plan Protest Closing

SWAMPSCOTT, Mass., June 19—An official of the Massachusetts Pharmaceutical Association says an attempt will be made to close 50,000 drugstores across the country for one day in protest to the Supreme Court decision invalidating fair trade laws.

Ailing Breen To Quit

DAYTON, June 19 — Republicans and Democrats looked for a congressional candidate today with the announcement that Representative Edward Breen (D) of Ohio will resign because of ill health.

Mexico is bounded on the south by Guatemala.



CAN'T BE PICKED UP FOR A MONTH. Seven-week-old Buzz Kavoian must stay in that position with his broken leg in traction for a whole month without being picked up for burping or even changing, is the doctor's order in Fresno, Calif. So his mother, Mrs. Leonard Kavoian, undoubtedly has a lot to figure out as she bends solicitously over his crib.

Steel Accepts Pricing Order

F.T.C. Tones Down Charges In Accord

WASHINGTON, June 19 (AP)— A government order banning price-fixing agreements on thousands of steel products has been agreed to by the Federal Trade Commission and 90 producers.

In announcing the order last night, the F.T.C. said the producers covered represent about 85 per cent of the steel industry. It dropped similar complaints of practices "oppressive to the public interest" against nine other steel producers. The case had been pending nearly four years. In agreeing to a settlement, the F.T.C. in effect toned down its charges.

The companies who agreed to the order did not agree with the commission that the practices complained of tend to throttle competition, but they promised not to challenge it in court.

The F.T.C. order, which did not specifically allege any unlawful activity on the part of the steel companies, remains tentative for 30 days, but that is only a formality since, all parties agreed to it.

The order could affect the pricing of steel products ranging from huge ingots to tiny nails. A commission spokesman declined to speculate whether it will bring lower prices.

The commission order bars the 90 companies and the American Iron and Steel institute from entering into or continuing "any planned course of action, understanding or agreement" to fix or maintain prices. The ban applies not only to base steel prices, but also to charges for alterations, delivery and terms of sale.

Among the steel producers consenting to the settlement are the Crucible Steel Co. of America, the Follansbee Steel Corp. and the Weirton Steel Co.

Refrigerators, Ranges May Jump In Price

CHICAGO, June 19 (AP)—Higher prices for refrigerators and ranges were predicted today by Dan Packard, household sales manager for Nash-Kelvinator of Detroit.

Packard spoke at a panel discussion at the opening of the 10-day summer international home furnishing market at the Furniture Mart and Merchandise Mart in Chicago. The showing is not open to the public.

Packard said federal Regulation W., which creates credit curbs, is a factor in decreased sales of some household appliances, notably refrigerators.

"Credit furniture sellers, which account for 20 per cent of the furniture business, have been most hurt by the regulation," he said.

"Six million refrigerators were sold last year, when only 4,500,000 units were authorized by the government. We borrowed from the future and we are making up for it now in decreased sales," Packard said.

New Draft Measure Signed By President

WASHINGTON, June 19 (AP)—President Truman today signed into law a bill lowering the draft age, extending law four years and laying the foundation for universal military training.

The new law keeps the draft in operation until July 1, 1955, and permits the induction of 18½-year-olds for military service if local draft boards exhaust their supply of older eligible men. It makes no change in the present maximum draft age of 25.

The period of service under the new law is 24 months instead of the 21 under the expiring law.

Although the minimum induction age under the new law is 18½ years, men still must register when they become 18.

11 Reds Ask Court To Reconsider Case

WASHINGTON, June 19 (AP)—The Supreme Court has been asked to reconsider its decision upholding the conspiracy conviction of 11 U. S. Communist party officials.

The 11, in a petition filed yesterday, said the effect of the decision will be to outlaw the party. They added that "for the first time in the history of this country a political party is being illegalized".

Each of the 11 was fined and sentenced to jail. All are free on bond, however. The Supreme Court is in recess until Oct. 1 and attorneys for the 11 asked that sentences not be carried out until then. Justice Jackson will consider the request for a stay on Thursday.

Quake Jars Luzon

MANILLA, June 19—An earthquake was reported from northeastern Luzon today.

Deaths and Funerals

Illness Takes Plumber, 67

Charles Katzbeck's Rites At Pittsburgh

Charles Katzbeck, 67, plumber of 121 Washington St., died Monday at 5:15 p.m. in the City Hospital, following a four-week illness.

Katzbeck was born in Austria and spent many years in Pittsburgh. He resided in East Liverpool about eight years and was employed as a plumber's helper by Zange & Bence.

He leaves his widow, Mrs. Amelia Katzbeck of Pittsburgh; three sons, Julius Katzbeck, William Katzbeck and John Katzbeck of Pittsburgh; four daughters, Miss Lena Katzbeck of Chicago, Mrs. Amelia Kline, Mrs. Helen Schaffner and Mrs. Anna Brema of Pittsburgh; two brothers, Joseph Katzbeck of Chicago, and Frank Katzbeck of Hartford, Conn.; a sister, Miss Anna Katzbeck of Chicago, and nine grandchildren and one great-grandchild.

The body will be taken to Pittsburgh for burial.

Friends may call tonight at the Martin Funeral Home.

William McDaniel

William McDaniel of near Beloit, former East Liverpool potter, died Monday at 10:45 a.m. in the Central Clinic at Salem, following a 10-day illness. He was 75.

McDaniel resided in Sebring 30 years and was employed last as a kilnman for the Royal China Co. there. He was in the coal business in Sebring for 20 years before resuming his trade.

He was a member of the N.B.O.P. for 51 years and was affiliated with the Methodist Church.

He leaves his widow, Mrs. Minnie McDaniel; three daughters, Mrs. Violet Boals and Mrs. Mabel Brubaker of Beloit, and Mrs. Gladys White Kasso of East Liverpool; two sons, Clyde McDaniel of Alliance, and Joseph McDaniel of East Rochester; two step-sons, David Minesinger of Salem, and Lee Minesinger of Sebring, and 16 grandchildren and 7 great-grandchildren.

Rites will be held Thursday at 2:30 p.m. in the Moosman Funeral Home in Sebring by Rev. C. E. Wood, pastor of the Alliance Church of the Nazarene. Burial will be in the Quaker Cemetery at Damascus.

Friends may call Wednesday from 7 to 9 p.m. at the funeral home.

Anna M. Giovenco

Funeral services for Miss Anna Marie Giovenco, 800 Morton St., who died Sunday morning, will be held Wednesday at 9 a. m. in St. Aloysius Catholic Church. Burial will be in St. Aloysius Cemetery.

Friends may call tonight at the Dawson Funeral Home.

Thomas R. Moore

Thomas R. Moore, 1612 Chester Ave., Wellsville, retired Pennsylvania Railroad boiler inspector, died today at 8:30 a. m. in City Hospital, following a six-month illness. He was 70.

Moore was employed by the Pennsylvania 45 years, retiring two and a half years ago.

He leaves his widow, Mrs. Catherine Moore; two sons, Paul R. Moore of Dearborn, Mich., and Lewis E. Moore of Pontiac, Mich.; a brother, Charles Moore of Norfolk, Va.; sister, Mrs. Sadie Arb of East Liverpool, and four grandchildren.

Rites will be held Thursday at 2 p. m. in the Haugh Funeral Home by Rev. D. Park Chapman, pastor of the First Church of Christ of East Liverpool. Burial will be in Springhill Cemetery.

Friends may call Wednesday night at the funeral home.

WOUNDED. Private Kenneth E. Strabley, 22, husband of Mrs. Louise Glenn Strabley, 1076 Pennsylvania Ave., has been reported wounded in Korea. In letters to his wife and parents, Mr. and Mrs. Paul Strabley of Salineville, he told of receiving a shoulder wound May 29.

Mrs. Anna M. Bryan

Mrs. Anna Moore Bryan, 76, widow of Paul J. Bryan, died today at 9:30 a. m. in her home, 340 West Fifth St., following a short illness.

Mrs. Bryan was born in Little Hocking and came to East Liverpool 60 years ago. She was a member of St. Aloysius Catholic Church.

She leaves two daughters, Mrs. Catherine Daniel of Van Wert, and Mrs. Mary McDonald of New Cumberland; two sons, Clarence A. Bryan of East Liverpool, and Bernard J. Bryan of Van Wert; two brothers, M. E. Moore of Little Hocking, and Henry Moore of Cashmere, Wash., and 15 grandchildren and 3 great-grandchildren.

Rites will be held Thursday at 9 a. m. in the church. Burial will be in St. John's Cemetery at Summitville.

Friends may call Wednesday at the Dawson Funeral Home.

Myrina Carnahan

EAST ROCHESTER, June 19 (Special)—Myrina Lynn Carnahan, 12-week-old daughter of Mr. and Mrs. Clayton Carnahan, died in the family home today at 7:40 a. m. The child had been ill since birth March 25 in the Aultman Hospital in Canton.

The child leaves a sister, Melanie Carnahan; her grandparents, Mr. and Mrs. John Guthrie and Mr. and Mrs. N. H. Carnahan, and great-grandparents, Mr. and Mrs. George Guthrie and Mr. and Mrs. Harry Lang, all of near East Rochester.

Rites will be held Wednesday at 2 p. m. in the Maple Funeral Home at Kensington. Burial will be in Woodland Cemetery at Salineville.

Nest Wrecks Plane

CIRCLEVILLE, O., June 19—A bird's nest is blamed for the plane crash that killed Thomas G. Griffith, 28, of Canal Winchester Sunday. The Civil Aeronautics Administration gave that verdict yesterday. A C.A.A. inspector said a bird started a nest of twigs, grass and twine in the air intake tube that leads to the carburetor. This apparently choked off the engine's air supply after the craft got into the air.

Chicago Man Slain

CHICAGO, June 19 — Theodore Roe, 55, wealthy Negro policy operator, fatally shot one of three men after, he told police, they curbed his auto on a South Side street last night.

Autopsy Ordered In Hunt For Clues In Havana Deaths

HAVANA, June 19 (AP) — Cuban authorities today ordered an autopsy which they hope will shed some light on the strange case of a U.S. Marine sergeant and a Cuban night watchman found dead in the American embassy yesterday.

Sergeant Robert J. Sheldon, 22, of Parishville, N. Y., an embassy guard, and the watchman, Augustin Fernandez, 67, were found in the embassy's visa section early yesterday. Each had been shot once in the head.

Dr. Jose Diaz Padron, chief of the police crime laboratory, said "the scientific facts now available all indicate" that the "Marine sergeant shot the watchman, then killed himself".

But, he added, "of motives, we know nothing".

Others familiar with the case points out that Sheldon had been found lying on a narrow couch with his pistol beside him. They theorized that if he had shot himself the kick of the gun would have hurled it to the floor or that it would have been found clenched in his hand.

Diaz Padron said he based his theory on "lack of any evidence that a third person was present, or physical evidence at the scene", and on a paraffin test showing "that the sergeant recently had fired the gun".

Before you buy ANY Range COMPARE!
YOU'LL SEE WHY Smart Cooks Choose GAS
Compare the modern gas range, feature for feature, with any other type, and there's only one answer. Comparison proves that the modern gas range has everything. From every standpoint—economy, cleanliness, coolness, convenience, controllability, automatic operation and complete dependability—there's no finer, more modern, cooking appliance than today's gas range.
The modern gas range invites—and welcomes—comparison. So see your gas appliance dealer now. Check the features listed below. Prove to yourself, as so many other thousands have, that on every count your best buy today is a modern automatic gas range.
Check These Important Points before you buy any range
1 COST—A modern gas range costs less to buy, less to install, and less to operate than any other type. You can't get a thriftier, more economical cooking appliance than a modern gas range. COMPARE!
2 CLEANLINESS—Easy-to-clean surfaces both inside and out, removable easy-to-clean burners, plus smokeless broiling make today's gas range a marvel of cleanliness. COMPARE!
3 COOLNESS—Instant heat, instant shut-off, heavy insulation and broiling with the oven door closed make for cool cooking and a cool kitchen with a modern gas range. COMPARE!
4 CONVENIENCE—You'll find every convenience feature you could possibly want on one of the many modern gas ranges you have to choose from. COMPARE!
5 CONTROLLABILITY—1001 heats to choose from—for every cooking task—on the modern gas range—and only on the modern gas range. COMPARE!
6 AUTOMATIC OPERATION—Automatic lighting of top, oven and broiler burners—and automatic, accurate oven temperature control—are available in modern gas ranges. COMPARE!
7 CLOCK-CONTROLLED COOKING—Clock control operation permits you to cook whole meals, automatically. Just set the controls, then forget them. The cooking is done when you want it, automatically. COMPARE!
8 DEPENDABILITY—Homemakers know that gas is always there, ready to do a superb cooking job at the turn of a knob. You just can't beat gas for dependability. COMPARE!
COMPARE!
COMPARISON PROVES THERE'S NO FINER MORE MODERN RANGE ON THE MARKET TODAY THAN A MODERN GAS RANGE!
See the modern Gas Ranges at your Gas Appliance Dealer's or Gas Company Office.

PRIVATE TELEPHONE EXCHANGE, all departments. Main 45, between the hours of 7:30 A. M. and 7:00 P. M. After 7:00 P. M. or Sundays and Holidays: Circulation department 46; Advertising department, 44; News department 47 and 48.

SUBSCRIPTION RATES

BY CARRIER per week 30 cents. BY MAIL payable in advance: Columbiana county, Ohio; Hancock county, W. Va.; Beaver county, Pa.; and all points within 25 miles of East Liverpool, one year $5.00; six months $2.75; three months, $1.50; one month, 75 cents. Outside rates given upon request. No mail subscriptions accepted in localities served by carrier delivery.

Tuesday, June 19, 1951.

Do You Know How To Behave?

There is a minor inquiry now starting in Washington which could have major effects. A Senate labor subcommittee, under the direction of Senator Douglas of Illinois, is going to dig into campaign ethics. Its inquiry is being undertaken to follow up a resolution introduced by Senator Fulbright, who became curious about the decline of political ethics in general while investigating the Reconstruction Finance Corp.

The likeliest major effect which might come from this investigation is a code of political ethics. This could become, in time, as well known and as widely obeyed as the codes honored by other disciplined groups, such as medical doctors. In that event, misbehavior by a politician would cease to be a matter of judgment and become instead a matter of comparison with a code. Politicians who operate just inside the law and just outside the penitentiary also would be operating outside the ethics of their occupation. Many of them might develop a yearning for respectability.

Even though ethics deal with ideal human character, not with mere rules of behavior, ethical codes can be adopted by those who are far from ideal. If the inquiry headed by Senator Douglas were to come up with a sound list of do's and don't for politicians, such a list would have immediate and far-reaching effect.

Politics By Fractions

No one knows who won the French election. Gains by Charles de Gaulle's partisans and losses by the Communists must be tested in the hurly-burly of France's pressure-bloc government before they can be weighed accurately. The politicians must make their deals.

This is what happens when a country is reduced to politics by fractions. It is what happens when politicians cease to be servants of the people and become their masters. No one can thread his way through French politics today, except the men of devious minds who designed and built the maze in which voters flounder.

This was made to order for the French Communists. It is suited to their purposes even when they lose at the polls, because it destroys popular confidence in representative government. Or it produces a reaction from futility that takes dictatorial form, which many believe is the role about to be played by De Gaulle and his followers.

If that were to happen, the French republic would be as dead as if it had been overrun by the Russian army.

Southern-Fried Democrats

As surely as Mr. Truman opened his personal campaign for the presidency in 1952 when he made the National Association of Manufacturers his whipping boy for price increases, something happened in presidential politics at Fort Worth last Saturday.

General Douglas MacArthur, who had been speaking up to that time as an expert on Far Eastern affairs, became a critic of the Truman administration's domestic policies. The general, winding up a whirlwind speaking tour in Texas, devoted an entire speech to his domestic judgments, never mentioning foreign affairs.

Perhaps even more memorable than this is the fact that MacArthur chose Texas for a speaking tour. Here is one of the states which might be pried loose from the one-party South, even without using the crowbar now being forged in Republican national headquarters.

The crowbar is a plan to elect presidential electors from southern states who would be classified as Democrats, but pledged to support Republican candidates for president and vice-president in the Electoral College. MacArthur may have been testing his potential strength in Texas.

Life And Labor By Edict

Hungary provides a striking example of what can happen when a totalitarian state takes control of the lives of its people.

A year ago thousands of farm workers were taken to the cities to bolster lagging industrial production. Now other thousands are being taken from their city homes and sent on 24-hour notice to work on farms because food production has fallen behind schedule.

In a free country, workers gravitate to the jobs for which they are best fitted. In a land where the government is supreme, they are put where the bosses want them. Peasants make poor factory hands and white collar men from the city poor farmers, as a general rule.

Here in an elemental and understandable form is a picture of what can happen when the people lose their freedom. What is happening in Hungary is bureaucracy grown so strong that the people are its slaves. The same thing can happen in any country where too much power comes into the hands of the government. Results are the same whether that power is seized by force or whether it comes gradually because the people are not alert to the value of their freedoms.

Ohio has 874 banks and 610 savings and loan associations.

The population of Cleveland in 1800 was seven.

Behind The News

By George Sokolsky

The Dope Problem In New York City

Parents in New York are jittery over the narcotics investigation because each one naturally wonders what is happening within his own household.

Some progressives can be very broadminded about sexual disturbances and irregularities in households other than their own. No one can take dope lightly.

The investigation shows an undetermined but widespread use of marijuana, cocaine and heroin by school children, the main market place being the school itself or a candy store near the school.

Only a clue to the traffic has been provided thus far, the youthful salesman exposing himself but not the adult who is developing a market for himself by getting them young and making them dependent. Giving the dope away for free, the peddler charges progressively more and more so the addict has to steal and, in the case of teenage girls, to resort to prostitution to get the money to pay.

—:—

IT IS a filthy, sordid story of the breakdown of law enforcement. In New York, it beyond doubt has been aggravated by the mass importation of Puerto Ricans by Fiorello LaGuardia and Vito Marcantonio for political purposes.

They were brought into this country by plane and packed into the Harlem ghetto where they live in unbelievable squalor and poverty. Many of them turn to marginal businesses because they are unprepared for and unadjusted to the normal earning habits of Americans. While legally citizens of this country, they have no traditions or habits that are American.

They suffer from racial discrimination, being accepted neither by the whites nor the Negroes. Both refer to them contemptuously as Spiks.

Nothing is done for these unfortunate people. They are exploited by politicians to get their vote, but no efforts are being made to improve their condition, except by a store-front church organization known as the East Harlem Protestant Parish.

While it might be expected that these Puerto Ricans are Roman Catholics, actually religion with them is largely ritualistic and superstitious where it exists at all. The family system is extremely weak. Nothing substantial is being done for their Americanization, compared, for instance, to the wonderful work done on the east side of New York in my boyhood.

In this atmosphere, dope peddling and dope using flourishes and spreads over the city. It is becoming our principal social disease.

Some blame the school system for failing to discover dope addicts and narcotics salesmen among the children. Even assuming that teachers could identify the user of narcotics and do something about it, it would seem that to put this police work on the already burdened lives of teachers is asking for too much. Classes here in New York are huge. The teachers find disciplining older students, by moral suasion, very difficult.

—:—

COMPULSORY education keeps children in school until they are 18, which, in many instances, is far too long for the students' capacity to learn.

Boys growing sharp mustaches and girls with an eye to a petting date are not always amenable to discipline by a school teacher. There are schools in New York which, at times, have required police protection for the teachers. The teachers cannot undertake to watch wash rooms, boiler rooms and roofs.

The real trouble is the breakdown of the family. Neither the police nor the schools can do much in combatting social evils without the co-operation of parents, particularly among children whose parents have so lost control of the family that it virtually has ceased to exist as a social unit.

Furthermore, strictly secular, amoral, education, for children without parental restraints, does nothing to build character. No matter what progressive educators say about the social value of self-expression in a democracy, children who grow up like alley cats, without moral restraints and inhibitions, will not resist the temptations of their environment. Those restraints and inhibitions must be developed in the home.

I have a personal familiarity with similar conditions which existed among the Jewish immigrants on the east side of New York. They came in large numbers and crowded into the east side. They also were without American traditions and habits.

But their religious and family life was not only beautiful, but intense. One hears of the very few gangsters that came out of that area, but rarely of the hundreds of thousands of men and women who created for themselves fine and useful lives in this country.

It was religious consciousness, centered about the family, which saved these personalities from the disintegrating influences of a transition from one culture to another.

(c) King Features, 1951

Inside On Labor

By Victor Riesel

An unpublicized letter, dispatched by courier from one senator to the chief of the Senate crime investigators last Wednesday afternoon, grimly revealed the fear in high federal circles of a mass mob migration—Scarface Capone style, replete with beatings and bombings, stabbings and shootings and assorted terror—into the very center of the nation's biggest unions.

The letter was a plea for an immediate probe of Chicago gangs by the U. S. Senate to save the lives not only of labor chiefs, but also of their wives and kids.

It was a blunt warning from Wisconsin's Senator Alexander Wiley, a Republican, to the harried new crimebuster Senator Herbert O'Conor of Maryland, a Democrat, that "the Chicago situation" and the recent series of bombings of labor leaders' homes and other property was ". . . an apparent effort to duplicate the sort of sordid situations which prevailed in the 1920's when Al Capone had his vicious fingers in the labor pie".

—:—

BLUNTLY REFERRING to the last 10 bombings of men and headquarters inside labor, Wiley warned the crime committee that:

"The inviting treasuries of many well-organized unions apparently have made the mobsters hungry for loot and so they are using their traditional strong arm methods to try and take over.

"If the criminal invasion of the Teamsters' Union is tolerated because of our pre-occupation elsewhere, we inadvertently will be giving a green light to every other hoodlum element to invade other union fields to steal from treasuries and misuse the legitimate labor movement for racketeering ends."

Here is a senator thoroughly aroused by the hoods' apparent freedom to drop dynamite whenever their business instincts told them it would most frighten the families of the Chicago Teamsters' labor leaders. So much so that he now prefers to get some of the committee's pathetically scarce money and manpower away from the June 21 Florida probe and the June 20 executive hearings in Washington on Cleveland crime.

No mere whim of Wiley's is this. As recently as June 5, the 400 leaders of Chicago's 500,000 A.F.L. members heard their president, Bill Lee, a teamster himself, blast the goons as killers "who sneak up in the middle of the night and drop bombs on the homes of representatives of labor".

After revealing that the rewards being offered by the Midwest unions have been jacked up to $50,000 for tips and arrests on the underworld bombardiers, Bill chilled his listeners with:

"We men in labor can take it. But what these hoodlums do to those at home—the women and children—are acts of the lowest form of humanity. Something must be done here in Chicago to protect the lives and property of those who work for their organizations and the purposes for which their organizations were formed.

It was in answer to his gang war on women and kids that Wiley warned O'Connor that "the Chicago situation could afford a case history with interstate implications, which could undoubtedly be duplicated in other areas of the country".

—:—

WILEY'S PEOPLE know, for example, that a notorious New Jersey labor leader, loathed by most unionists there, gives orders right from his Sing Sing cell.

There he decides who is to be dumped from office and what must happen in certain negotiations. And those orders are obeyed!

It is known that the old Detroit Purple Gang goons still operate in that city—and the information is in the hands of Frank Xavier Martel, Detroit's crusading A.F.L. chief. His hotel union members have tipped him on just where the gang runs its rackets, And this mob is the granddaddy of them all—and the toughest at one time.

And the senator's people hear almost daily from their contacts of new rackets on the water front, where local union records aren't worth the ink they're faked in. These records are phonied so union books and buttons can be sold to aliens and criminals wanting to hide out—and at the same time earn a buck so they aren't suspect in their roach-ridden water-front rooms.

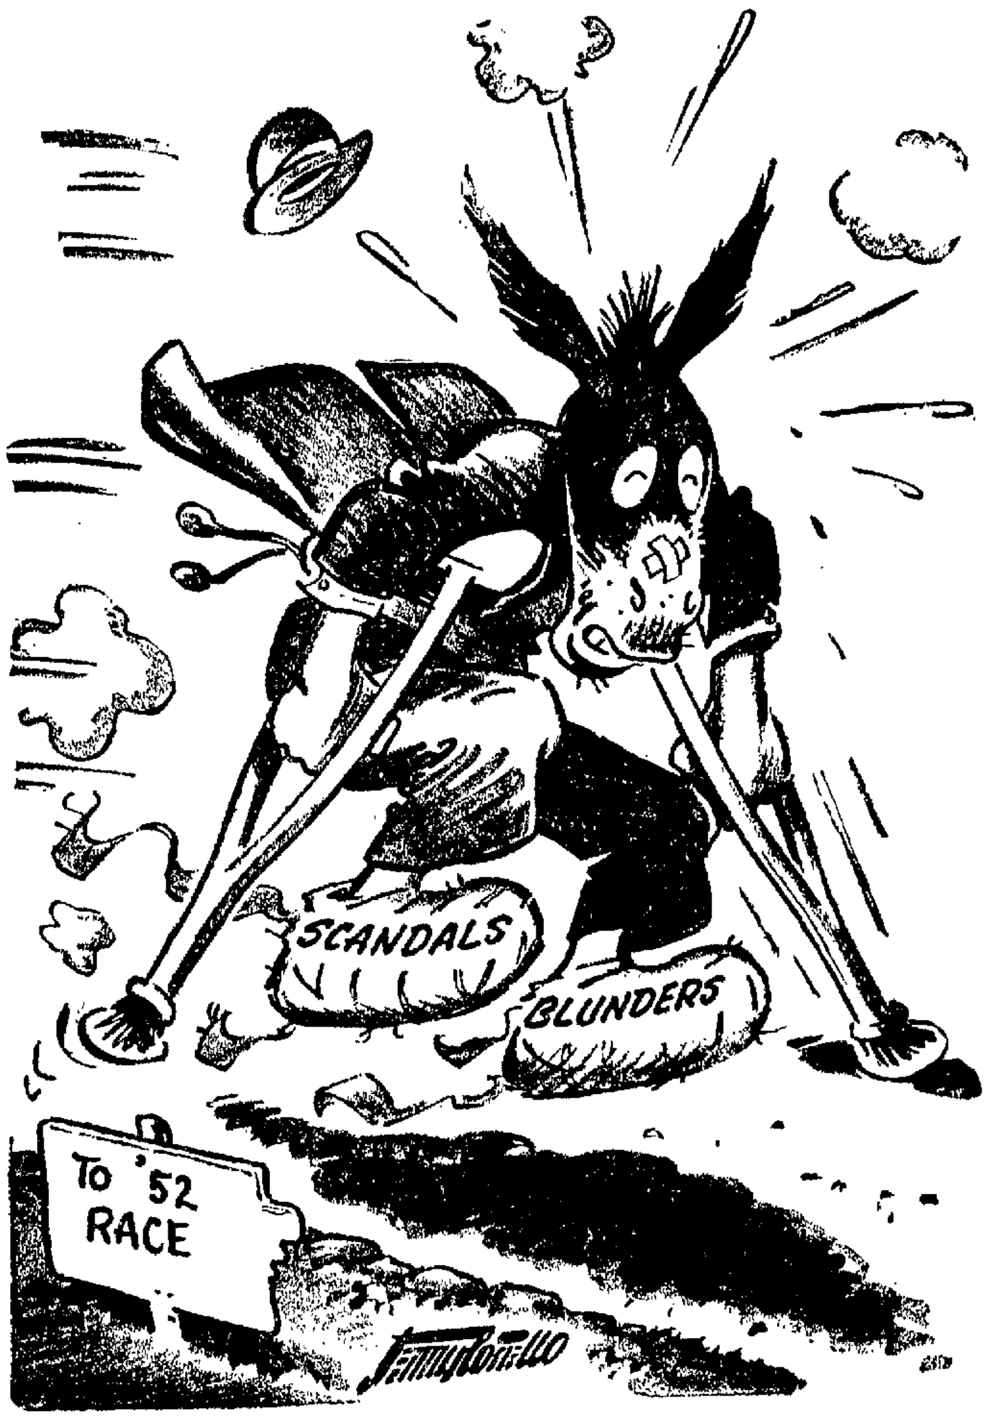
It is known that so little has resulted from the recent public anger against the televised mob chiefs—who, like Frankie Costello, still live in swank parkside apartments and still control city governments—that the Security Bureau, Inc., an organization of water-front businessmen, has been forced to take on three new ace investigators.

These men, two former F. B. I. agents and an ex-Treasury Department specialist, are now organizing to halt the blatant theft of millions of dollars worth of cargo a week, under the noses of so-called police water-front squads.

(c) 1951, Post-Hall Syndicate

To vary the way you serve elbow macaroni, add a little catchup or chili sauce to it after you have cooked and drained it. Put it in a baking dish, sprinkle with grated cheese and reheat and brown in the oven.

He's No Count Turf!



The Fight For Peace With Japan

By Raymond Moley

It is not improbable that, except for the preoccupation of the Senate over Asiatic policy, the war with Japan might have been summarily ended by Congress, as was the war with Germany 30 years ago.

At that time, the interminable debate over the Versailles Treaty and the League of Nations finally drove Congress to the expedient of ending the state of war by a simple resolution.

There are many reasons why that would not be the best way to restore self-government in Japan. But endless obstacles have been placed in the way of the treaty that John Foster Dulles has been promoting patiently for months. Most of those obstacles have been created by the present government of Great Britain. There is now a good chance that they are being overcome.

—:—

THE CLAIMS of the Soviet government to participate have been ignored, as they should be, by both the United States and Britain. Such Soviet participation would have been merely to block and confuse.

But it has been important to get the participation of the British not only because of our relations with them, but because it is important to Japan to resume trade with southeast Asia.

It is more than likely that had Ernest Bevin lived and remained foreign secretary agreement might have been reached long before this. His successor, Herbert Morrison, is neither so friendly to the United States nor so free to act for his government.

Morrison is a crafty politician who has never before dealt with international problems. His political life has been within the Labor party, in which he has strong and determined enemies. In the current negotiations he has been overruled by his own cabinet on at least one important occasion. Thus, Dulles has had to deal not with a firm and united government, but with two factions in the Labor party.

The first claims of the British were wholly unacceptable to the United States. One of those claims was a harsh restriction on the Japanese shipping industry. Another was a demand for a part of the small gold reserve of Japan. Another was a serious limitation of Japan's textile industry.

—:—

SINCE THOSE terms would have hopelessly crippled Japan's efforts to recover, the United States rejected them. For if Japan is not to support herself, we shall have to make up the deficiency.

Finally, the deadlock was limited to the question of which Chinese government was to participate in the treaty. Britain favored Red China and we favored Nationalist China. Dulles proposed a compromise to the effect that neither of the Chinas should sign the treaty, but that three years hence Japan might make a bilaterial treaty with one or the other.

This was accepted by Morrison, but his cabinet turned it down. And there the deadlock continued.

Meanwhile, the state of affairs in Japan is in grave danger of deterioration. The removal of MacArthur was a great shock to the Japanese government and people. They have co-operated loyally with our occupation forces and were eagerly looking forward to a treaty which would seal permanent and friendly relations.

The long delays have given Communist and other anti-American elements the opportunity to create discontent. Meanwhile, we continue to bear the expense of aid, just as we carried the burden of the war against them.

As time goes on, it is becoming more and more apparent that it is more difficult to please our allies than it was to defeat our enemies.

House, Senate Daughters

By Jane Eads

WASHINGTON

Two of Capitol Hill's favorite luncheon visitors—the House and Senate daughter organizations—are losing their presidents.

The groups, bipartisan in nature—never a political peep out of them—lend glamour to congressional dining rooms when they hold their occasional luncheon meetings. Their main purpose is to give the legislators' daughters a chance to get acquainted and form new friendships after their uprooting from their home towns.

Jeanene Watkins, daughter of Senator Arthur V. Watkins (R) of Utah, president of the Senate Daughters, and Annie Laurie Rankin, daughter of Representative John Rankin (D) of Mississippi, president of the House Daughters, have both received degrees from George Washington University.

Jeanene, 22, is becoming a missionary. She has been called by the Church of Jesus Christ of Latter-Day Saints to serve with the Pacific Northwest Mission of the church, which has headquarters at Portland, Ore.

But Jeanene says: "Once a Senate Daughter always a Senate Daughter The only stipulation is you have to bear your father's that if you hold office in the club name — be unmarried that is." Jeanene didn't say whether she ever expects to hold office again.

Annie Laurie, who was born in Washington, says she hasn't yet made plans for the future. She received the Master of Arts Degree in education from the University's School of Education.

In addition to Jeanene and Annie Laurie, three other congressional daughters were graduates from George Washington this Spring.

Miss Nancy Anderson, daughter of Senator Clinton Anderson (D) of New Mexico, received the Bachelor of Science Degree in home economics from the School of Education.

Like Annie Laurie Rankin, Miss Jewell McFarland, daughter of Senator Ernest W. McFarland (D) of Arizona, received the Master of Arts in Education.

"I know it's only the dogs name but I'm not going through the park at this hour shouting Chloe."

A Lot At Steak

Dan Stampler has a new reason for wishing the price of beef steak would go down.

He decided American women were just about beginning to catch on how to cook a good steak, when the price went up so high everybody will get out of practice but the restaurant chefs.

Stampler insists his is a strictly humanitarian attitude, since his Steak Joint in Greenwich Village in New York happily serves steaks to men whose wives can't squeeze one out of the budget. It just hurts him, he says, to think of women slipping back into their old bad steak-cooking habits for lack of practice.

In case anybody wants to tuck Stampler's rules away for future reference, here's how he says the steak should be prepared:

"In the first place, take the meat out of the refrigerator at least three or four hours before you're going to cook it. Don't put the meat under a cold broiler. Heat the broiler first. Above all, don't season the steak before cooking unless it is a filet mignon."

Once Over

By H. I. Phillips

All Out With Your Adapters

C. B. S. will start its color video June 25, with Arthur Godfrey as its first performer. This puts Godfrey among the epochmakers and assures him a place in history beside famous "firsts".

He will be up there with Barnum's first elephant, the first vaudeville trained seal to play Where The River Shannon Flows, the early Edison talking machine, the first telephone, the first seedless grapefruit and Al Jolson in his first movie-talkie. It will be a big day for freckles, of which Godfrey has the largest collection ever released on the air waves.

The first color or "Godfreyized" telecast will be programed from 4 30 to 5:30. Godfrey has agreed to hold nothing back in the way of plumage and is expected to come through in all shades and tints. We know of no video artist whose coloration is so complete. Berle moves too fast for color. Jerry Lewis is so rambunctious no adapter of present strength could handle him.

—:—

JIMMY DURANTE is a holdout, due to his agent's belief that he can make more letting his nose come through in color and reserving the rest of him for black and white. Fred Allen is said to be suggesting that he be hired for a novel telecast in which his right side will come through in red, orange and violet and his left side in robins egg blue and cerise. Sid Caesar takes the position the people know what color he is, without fiddling around with an adapter.

At any rate, the Godfrey telecast will definitely dispose of the rumor that he is a Penobscot Indian named "Awah-gippe-yahoo" or the Great White Father of the Teaball, copper colored, except for his arms, which are striped like a barber pole. It is reported that when first approached for the initial test of color video for the masses, Arthur rebelled, insisting that there was nothing in his contract requiring him to go on as a guinea pig. "Suppose I should come out into American living rooms in a great blotch of color through mechanical difficulties, leaving the public in doubt whether I was Godfrey or four cans of overturned paint?" he demanded "What if thousands of video fans mistake me for the first talking tomato omelet or the first dish of chili to indorse a cigarette, noodle or tea"

—:—

"DON'T WORRY", he was assured. "You can always play the uke in a pinch and an Hawaiian tune comes out the same in black and white or in color."

"Are you sure color video is ready for me?" he demanded nervously. And when Arthur is nervous it is one for the book.

"Yes, and we think Godfrey is ready for color video," they told him.

"What if we are wrong on both counts?" he asked.

"We can sue the engineers and hope R. C. A. will not be too sarcastic," was the answer.

Personally, we are in a dither in anticipation. We have always wanted to see Godfrey winging through an adapter, with his adlibs flying in the breeze. If everything is a success, think what color video will do telecasting Leo Durocher in a temper. Or Harry Truman writing a letter to a music critic!

Yesterdays

From The Review Files

THIRTY-FIVE YEARS AGO — John C. Cain, St. Clair Ave. contractor, sold his holdings in the Hill Oil & Gas Co. of Tulsa, Okla., for approximately $23,000.

The Hagenback-Wallace Circus came to East Liverpool and gave two exhibitions at West End Park after the customary street parade.

William B. Powell returned to his home in East Liverpool, after having been given his conditional release in a shake-up of the Little Rock team in the Southern Association.

—:—

TWENTY YEARS AGO — Attorney and Mrs. Blaine Cochran, Attorney and Mrs. W. H. Vodrey, Mrs. Ila Marshall Cronin and Mrs. Mary Vodrey Nease attended the dedication of the Harding Memorial at Marion.

Thirteen barbers in Wellsville ended a price-cutting war by signing a contract restoring haircuts to 50 cents and shaves to 25 cents.

A reception was held for Rev. A. G. Montgomery, new pastor of the Four-Mile and New Salem United Presbyterian Churches near Fairview, Pa.

—:—

TEN YEARS AGO — Richard S. Wilson of Chester won three awards for scholarship activities at the annual commencement program at Mt. Union College at Alliance.

Betty Hill, William Edgar, Fred Neiser, Evelyn Cooper, Katherine Lawrence and Dale Horger took part in a play, "Meet the Folks", given by Class 12 in the Pennsylvania Ave. Methodist Church.

Councilman Paul V. Baxter "spotted" eight street lights to be installed in the Third Ward under an agreement with the Ohio Power Co. that provided 60 additional lights for the city.

One Man's Opinion

By WALTER KIERNAN

Fears that Russia might get something out of our Senate Korean hearings is waning. So far America hasn't gotten much out of them, although the testimony is in English.

—:—

All I know is that if most of these witnesses were applying for the jobs they now hold, most of us would want to look over a few more applications before we hired them.

—:—

My barber says the last he heard the administration was against spreading the war and the next thing he knew Harry was proposing invading NAM.

—:—

My barber says he doesn't know where NAM is, but he thinks it would be smart to figure out an end to the Korean campaign before drafting fresh forces.

—:—

We told him that NAM means National Association of Manufacturers and he said: "Well, as I understand it now, we are going to fight the NAM, but it is up to them to supply the arms for this and the Korean war too."

—:—

We told him that the NAM represents "the special interests" and he said: "Don't kid me. There hasn't been any special interest since bank interest was cut from 4 per cent to keep us from making a wild return on our savings deposits."

Councilmen Order 10 New Street Lights

Bloor Asks Check Of Speeding Penalties, Law On Jay-Walking

City Council topped off a big budget of minor business Monday night with legislation authorizing 10 new street lights.

The bill calls for new lamps ranging from 100 to 250 candlepower on Union St., Alpha St., St. Clair Ave. at Prospect St., Lincoln Ave. between East Eighth and Ninth Sts. and College St. at Pleasant Alley.

It also authorizes three 100-candlepower lights on Ruth St., two additional 600-candlepower fixtures on Mulberry St., re-location of other Mulberry St. lights and a boost in the candlepower of a light on Chestnut St. Ext. from 100 to 250.

Solicitor John B. McDonald was asked to investigate the city's traffic ordinances to find if there are stringent penalties against speeding and also to find if the city has an ordinance against jay-walking.

Both requests were made by Safety-Service Director Lawrence S. Bloor.

The solicitor replied that speed is governed by the Ohio uniform traffic act and cannot be changed by a municipality without special permission from the Highway Department.

Council took no action on a letter from the Pennsylvania Railroad Co. repeating a long-standing request for permission to install automatic gates at the Mulberry St., Walnut St., Broadway and Second St. crossings.

A letter from the Chamber of Commerce protesting posting of candidate's placards and other advertising on utility poles was referred to the solicitor. He was asked to find if the city already has legislation against the practice.

The Streets Committee was given a petition for a new water main on Davis St. between Henry Ave. and Harrison St.

A petition for surfacing a short stretch of Moore St. between Dresden and Claibourne Aves. was referred to the Engineer's Office for investigation.

Council received detailed descriptions of grade lines surveyed by the Engineer's Office for Grandview Ave., North Side Ave., Ceramic St. and Wyoming Ave., all on Pleasant Heights. They will be on file at the Engineer's Office for public inspection.

Councilman Harry Wilson, reporting for the Streets Committee, reported favorable action on a petition for a fire hydrant on Cadmus St.

He said the committee also checked a storm sewer on Midway Lane that property-owners claim was installed free of charge to benefit one man.

He said the 16-inch line drains onto private property and recommended an investigation by the entire membership.

In reply to a question from Councilman Bert Goodballet, McDonald said he believes the city has the right to fix truck road limits on streets that are not part of the state highway system.

Goodballet asked the Streets Committee to check a request for a streetlight on the west end of Monaca St. and a petition for a fire hydrant on Ohio Ave. east of Mulberry St.

He also suggested a conference between councilmen, the director and George S. Bloomgren, consulting city engineer, to work out a way of improving State St. so that it can be used as a truck bypass linking the River Road the Pennsylvania Ave.

Goodballet said he intends to introduce legislation shortly to ban truck traffic on St. George St., which joins the River Road.

Councilman George Hales reported drainage complaints from Sophia St. and Ephriam St. Councilman Robert W. Sample filed requests with the director for work on Gardendale Ave, Peake St. and Smithfield St.

In reply to a question from Councilman Albert L. Hall, the solicitor said the city could compel changes in truck travel by establishing load limits on certain streets.

Councilman John W. Paul suggested re-routing Greyhound busses so they do not have to make the sharp turn at Lincoln Ave. and Smith St. Many have to back to make the turn, he said. He suggested they could use Dresden Ave., Sixth St. and Walnut St. to reach the terminal.

Councilman Wilson reported that Riley Ave. residents want action on an order for dust-laying compound for which they filed an order a month ago. He also reported than 100 feet of pavement was torn up in the vicinity of a new home on Rigby St.

Councilman L. T. Capehart asked repair of the Horn Switch railroad crossing at the foot of Jefferson St.

Capehart presided in the absence of W. A. Southan, president. City Auditor E. Allan McKeever served as clerk because of the absence of Clerk Ray Goodman.

Several property-holders filed complaints in person. Frank Brown asked cleaning of a Pleasant Heights gutter. Lester Beaver asked slagging of State St. Louis Stone requested slagging of Oakland Ave., and Jay Locke, chairman of the Street Committee of the Pleasant Heights Civic Association, asked widening of bends on the Lisbon St. Hill. Bloor said the city plans action as early as possible.

GIVE UP THE SHIPS. Dr. Albert Tarchiani, Italian ambassador, signs papers transferring two U. S. destroyers which saw Pacific action in World War Two to Italy under a defense aid program. Representing the U. S. at the Navy Pier 26 ceremony in New York's North River was Rear Admiral Walter S. Delany, commandant of the Third Naval District. The destroyers are the Nicholson and the Woodworth.

Golf Club Watched For Sewage Correction

LISBON, June 19 (Special) —The Columbiana County Health Department is keeping close check on the Sleepy Hollow Golf Club in Knox Township to make sure it comes up to par in treating sewage.

The Alliance club, located on the Homeworth Road, was fined $25 and costs last week by Justice of the Peace Felix Butch of Lisbon, but the fine was suspended on promise of correction.

Health officers said that sewage from the clubhouse empties onto the surface of the ground, and that they made several unsuccessful requests for the installation of a sewage treatment system.

Blacktopping Starts On Route 30 Stretch

Blacktopping of a three-mile stretch of Route 30—between the Routes 170 and 7 junctions north of East Liverpool—was started Monday by the Kelley-Meyer Co. of Youngstown.

George Gonzales of Lisbon, field engineer for the State Highway Department, said the bituminous coating will be laid today and that the job should be completed this week. Traffic will be maintained.

Resurfacing was necessary to repair damage caused by severe weather last Winter, Gonzales said.

Dog Warden's Salary Setup Finally Passes

Capehart Sees 'Waste Of Money' In Paying Scott $100 Monthly

Dog Warden O. E. Scott is assured of a $100-a-month salary to replace a fee system, but only after the last of three argumentative sessions of City Council Monday night.

The ordinance eased through, 5-2, with Councilmen L. T. Capehart and Harry Wilson dissenting. Favorable votes were cast by Councilmen Bert H. Goodballet, George W. Hales, Albert L. Hall, John W. Paul, and Robert Sample.

Capehart called the new arrangement "a waste of the public's money" and said "I think it is one of the biggest rackets ever pulled over on the city".

The veteran member - at - large protested that the warden could work only two days a week for the city because he works five days weekly at a Midland mill. He protested, too, that the city furnishes food for impounded animals and gasoline for the warden's auto.

Councilman Hall said he was not entirely in favor of the plan, but voted for the ordinance because he already had promised his support.

Councilman Wilson asserted the warden's office will cost the city $1,700 instead of $1,200 a year, figuring in the price of gasoline and dog food.

Councilman Paul replied there was no provision in the legislation for the warden's gas.

Councilman Goodballet said: "I am not trying to create a job for anyone. We've had wardens in the past whose treatment of dogs the people didn't like. We have to have some one for the job — the county won't do it. It's a job few people would have.

Goodballet added that the county will continue to pay the city 50 cents for each dog destroyed. Previously the city matched the county's contribution and gave the warden $1 a head.

Capehart replied that the warden would have to kill 2,400 dogs a year to earn his salary at 50 cents a head. He added that the food bill for dogs for the first four months was $45.

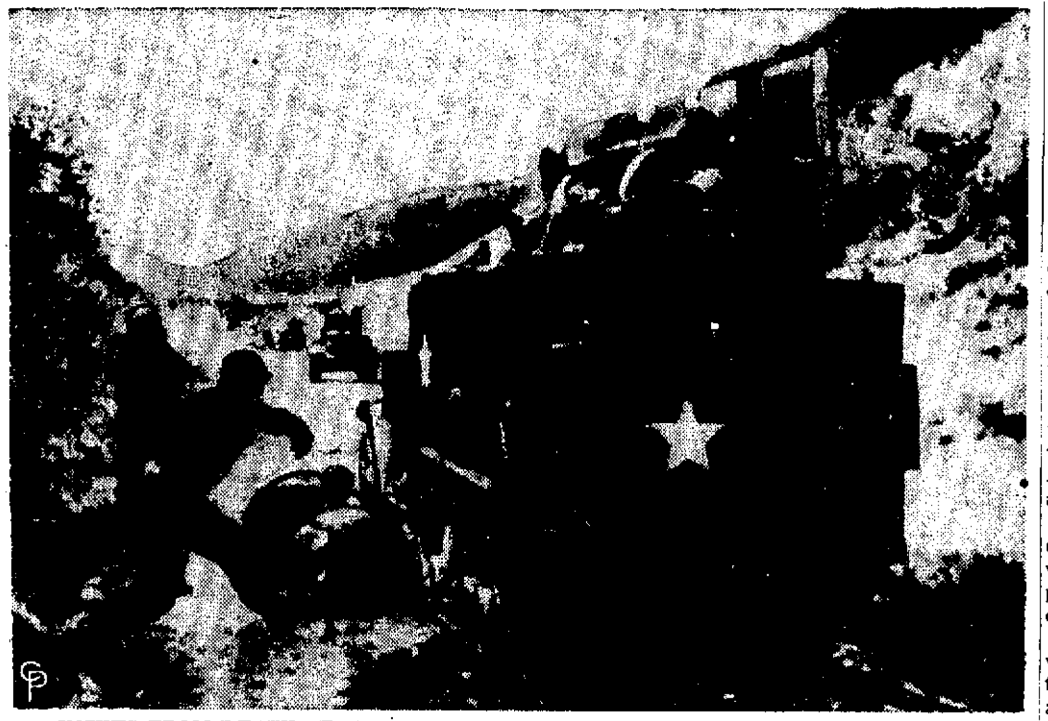
He added that the city pays $1,200 to $1,500 into the county yearly for dog licenses, declaring: "If we got 50 per cent of that money back, we could pay the salary."

There was considerably more argument in the same vein, including a statement from Safety-Service Director Lawrence S. Bloor that it always has been customary for the city to furnish the warden's gas and that the warden provides his own equipment.

Hales closed the discussion with the statement that he has studied the figures on the warden's operations and that the $100 salary will not cost any more than the fee system.

The ordinance already had been argued through two readings at previous meetings.

The bill provides the salary will be in effect a year, from June 1.



INCHES FROM DEATH. Facing unexpected fire from a Red pocket of resistance, foot-sloggers of a U.N. tank-infantry patrol scramble for cover behind an armored vehicle during their advance on the Chinese Red "iron triangle" in North Korea. The photographer who accompanied the patrol made the picture while under attack before hitting the dirt himself. The "triangle" since has been abandoned.

Jury To Receive $50,000 "Fall" Suit

A Common Pleas Court jury was expected to receive today the $50-000 suit filed by Mrs. Joseph Wranau, 60, against the Sons of Italy Lodge 153 of Leetonia for alleged injuries suffered in a fall in February, 1948, while attending a party in the Italian Hall there. The case opened Monday at Lisbon.

The jury:

Lee Argabrite, Alvis Andrews, Sara Watson, Lola Kind and Evelyn Brunt, East Liverpool; Verna McIntosh and Carlisle Woodward, Wellsville; Marie Bye, Betty Barber and Morlan Hole, Damascus; Lillian Riegle, Salem, and Ross Kyser, Columbiana. The alternate is Grace Shively of Rogers.

Gun Trims Trees

SPRINGFIELD, S. D. — Sam Henderson doesn't believe in climbing trees to trim the branches. He shoots the branches off with a shotgun. He says it's easier and besides keeps his shooting eye in shape.

Bargain Daze

HALIFAX, N. S., June 19 — A Halifax department store today advertised 400-day clocks, "covered by our one-year guarantee".

Alley Included In Sewer Job

New Petition Needed For Combined Work

Council and a property-owner's delegation agreed tentatively Monday night on a revision of a Pleasant Heights sewer project to incorporate three streets in the same neighborhood as a unit, hoping to save on costs.

After conferring in caucus, the property-owners agreed to combine the work on Idaho and Montana Aves. and Stark Lane, a parallel alley that separates them.

Walter H. Henry, assistant city engineer, said the arrangement would save money because all the properties on Idaho Ave. naturally drain toward Stark Lane.

The seven-man delegation said it wanted an understanding that the three streets would be sewered as a unit, with property-holders all paying a proportionate cost. Councilmen asked them to discuss it with the others.

Since petitions already have been presented singly for sewering of Idaho Ave. and Montana Ave., a new petition must be circulated listing the two streets, along with the alley, Henry said.

The proposed work is part of the long list of neighborhood projects necessary to link the Pleasant Heights-Fisher Park area with a new trunk line that leads to the Carpenters Run sewer.

In another part of the project, E. W. Hoopes of Donora, developer of Fisher Park, asked to confer with the Streets Committee on plans. He said that present plans do not take advantage of natural drainage in the area. The committee was empowered to arrange a meeting with Hoopes.

Fish And Talk

WEST POINT, Miss.—City women have their beauty parlors and bridge tables for gossip, but farm wives in Clay county get the same result from fish ponds. In the last five years, more than 500 fish ponds have been built in the county and the women have become great fishing addicts.

By the year 2.000, the average age of World War Two veterans still living then will be about 78 years.

LOSES 28 POUNDS COMPLEXION CLEARER

"I am 42 years of age, and since taking Rennel Concentrate have lost 28 lbs." writes Nellie L. Johnson, R. F. D. No. 1, Bellville, Ohio. "Before starting with Rennel I had tried several other reducing preparations, but without success. Thanks to Rennel I now look better and feel better, and my complexion is so much clearer and smoother than before."

Imagine, eat plenty and lose weight with this simple yet effective amazing home recipe. After purchasing a bottle of Rennel from your druggist pour the contents into a pint bottle and add enough grapefruit juice to fill bottle. Take two tablespoonsful twice a day. That's all there is to it. No diets to complicate your meal planning. No expensive vitamins to fortify your system from weakness while going without food for you can eat normally. If the very first bottle doesn't show the simple, easy way to lose pounds of bulky fat and help regain slender, more youthful curves—if reducible excess fat doesn't seem to disappear almost like magic just return the empty bottle to the manufacturer for your money back. Don't be switched to another product, insist on and be sure to get genuine Rennel.

Midland Kaycee Leader Returned

Alex Della Valle was returned as grand knight of the Midland Council 2005, Knights of Columbus, at the annual election of officers Monday night at the Presentation Catholic Church Lyceum

Players, Coach Sammy Rosatone and Rev. Paul Leger, athletic manager of the Parochial School Basketball Team, were guests at a buffet luncheon preceding the election.

Their officers chosen for 1951-52 were.

Martin Schulte, deputy grand knight, Bruno Callabretta, recording secretary, Dominic Scalera, worthy advocate, David Schwerha, chancelor, John Brozio, warden, and Peter Benedict, trustee

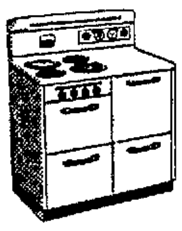
The parochial cagers won the Beaver Valley championship

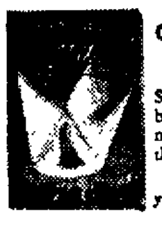
Nicholas P. Smiar of Butler, who represents the K of C home office on insurance matters, spoke on juvenile insurance.

Rev. William Brennan, pastor of the Presentation Church, gave the invocation and benediction.

Cars Crash At Lisbon

LISBON, June 19—Cars driven by Lester W. Colbertson of West Maple St, and Verner A. Dye of Sandpoint, Ida, collided with minor damage Monday at 3 p. m. at Lincoln Way and Beaver St





Jack Benny saves many a penny

...with his modern Electric Range!

Jack Benny, star of "THE JACK BENNY SHOW" heard every Sunday over CBS, coast to coast

"The mythical Jack Benny of the radio isn't really stingy—he merely hates to spend money," says Mrs. Benny (Mary Livingstone to all her radio fans), "but although the real Jack Benny is most generous, he still considers our Electric Range real economy."

Sure—you have economical operation with the modern Electric Range—but that's only one feature. It's almost human—different from any range you've ever tried. You don't guess at the cooking heat. Flip a switch, and you get just the heat you need. You don't peek or watch while things are in the oven. You know the automatic controls are doing that for you. Nothing new to learn—except how much better, how much easier cooking can be when you have a modern Electric Range. You can learn all about it at your dealer's!

8 Good Reasons Why You Need an Electric Range

Better cooking results
It's clean • It's easy to use
It's thrifty • It's cool • It's fast
It's automatic • It's modern

The only way to enjoy all these benefits is to have an Electric Range. No matter what make you choose, be sure it's ELECTRIC, and you're sure of having a really *modern* automatic range!

APPLE CRUMB PIE *Jack Benny's delight*

7 cups peeled, sliced apples
⅓ cup orange juice
½ cup brown sugar, firmly packed
½ cup granulated sugar
1 tablespoon grated orange rind
1 teaspoon cinnamon
½ teaspoon nutmeg
¼ teaspoon salt
¾ cup sifted, enriched flour
½ cup butter or margarine
Whipped cream

Place apples in greased deep pie pan; add orange juice. Combine sugars, orange rind, spices, salt and flour. Cut in butter or margarine with 2 knives or pastry blender. Spread over apples. Bake in moderate oven, 350°F. 1 hour. Top each serving with flavored and sweetened whipped cream. Yield: 6 to 8 servings.

Bus Fare Hike Slated July 14

10-Cent Ride, 2-Cent Transfers Approved

(Continued from Page One)

He said drivers were earning $1.20 until the company gave the latest increase with the understanding that it would be maintained if a fare boost could be arranged

Councilman Robert W Sample agred with Hall and Goodballet.

Replying to the complaint on transfers, Councilman John Paul said that council has no jurisdiction over runs outside the city limits "either inter-state or inter-city".

The new ordinance was enacted within 10 minutes. Afterward, H. R Frederick, general manager of the bus company, thanked council "for your thoroughness in investigating this matter" and added that he knew "the company's employees will appreciate your action very much"

The increase is the first since July, 1948, when council adjusted fares to produce revenue the company said was necessary to pay higher wages and end a strike.

The increased fares were requested in a letter to council late in May from C A Smith, bus company president.

Steubenville Council Will Act On Bus Fares

Steubenville City Council will meet tonight and discuss the Valley Motor Transit Co.'s request for fare increases

The utility asked Steubenville raises at the same time the East Liverpool request was filed, estimating the higher fare would produce $50,000 annually.

Valley Motor seeks a straight 10-cent cash fare, 2-cent transfers, $1 75 weekly passes, 85-cent school passes and an end to cut-rate tickets there Passes now are $1 50 and 70 cents

2 Injured Slightly As Jeep Goes Over Hill

Two youths apparently escaped with minor injuries at 10 this morning when their jeep station wagon plunged over an embankment on the Y & O Road, near Route 30

Both were examined at City Hospital near noon—Thomas Bennett 910 Peach St, for a possible back injury, and Thomas Wolfe, 15, of 307 Sayre St, for possible head and leg injuries

Young Bennett told a Dawson ambulance driver his steering gear failed.

Road Meeting Waited

LISBON, June 19—A public meeting to discuss the recent reduced weight limit on the Canton Bridge and proposed relocation of Route 30 through the village will be held at 8 p. m Wednesday in Courtroom 2 of the Courthouse. A large delegation of Route 30 business property owners is expected Dawson Smith will present the Highway Department s side.

MOTHER IS STRANGER. The daughters of Polish war bride Maryla Stiefvater, 26, reunited at Pittsburgh, don't remember her Sharon (left), 3, and Christine, 2, came to America with Maryla's husband, Thomas, former G I, nearly two years ago. The mother stayed behind, meanwhile giving birth to Thomas Jr The girls eye their newfound brother with mixed emotions Sharon called her mother ' that lady '.

Capehart Starts 'Fire'

Name-Calling Marks Heated Council Session

An arm-waving, name-calling argument broke out in City Council s meeting Monday night over Councilman L T Capehart's charge that new legislation was "sneaked in ' without the knowledge of the ordinance committee, of which he is a member

In the course of the argument the 84-year-old Capehart called Councilman John W. Paul "a damned liar" at least twice and abruptly quit the Ordinance Committee

It ended only because Councilman Bert H Goodballet moved for adjournment at the height of the argument Capehart, who presided in the absence of President W A Southan, put the motion to a vote and it passed, but the argument continued later

Capehart charged that the Ordinance Committee was not consulted before legislation was brought in for a $2,500 slag project on State St and to replace the city dog warden's fee system with a straight salary.

The State St Ordinance was defeated at an earlier meeting and the dog warden's pay bill was approved last night with a split vote, after three readings

Capehart reminded Solicitor John B McDonald that council's rules require the solicitor to have proposed ordinances in member's hands at least three days before a regular meeting McDonald said he was busy in court and didn't have time to write the bill earlier.

Turning to Safety-Service Director Lawrence S Bloor Capehart added that the $2,500 would have bought enough slag at $1 60 a ton to cover State St ' three feet deep"

Then Goodballet replied that the State St legislation was requested in an open meeting and every member voted to have it presented

Capehart replied "If you're not going to abide by the rules, tear them up" Then he charged that the dog warden's salary ordinance was brought in "illegally"

Paul declared that council voted unanimously in a caucus session to have the bill presented He said Capehart voted to consider the ordinance

Councilman Harry Wilson joined the argument on Capehart's side, asserting that the legislation ' didn't come through the Ordinance Committee".

Goodballet replied that when the entire membership votes to have an ordinance presented, it isn't necessary to work through the committee.

Questioned by several members, the solicitor said he received written instructions from Clerk Ray Goodman to present the ordinance

Capehart stood up at the president's podium again "I've quit the Ordinance Committee," he said "As far as I'm concerned, I'm done I haven't been in council just two or three days—I ve been here several moons If every Tom, Dick and Harry can bring in an ordinance, I'm done"

Meanwhile, Wilson and Paul were carrying on their own private argument at the council table and several other members were attempting to still the clamor.

When Capehart finished his statement, Goodballet moved for adjournment and the motion passed amid the dying argument.

Blasting Planned In West End Today

Blasting was scheduled in West End this afternoon, clearing the way for changes in the Carpenters Run enclosure to make way for the East Liverpool-Wellsville "super-road".

Hatcher Bros. of Mingo Junction, a sub-contractor, obtained a permit for the blasting this morning. from Safety-Service Director Lawrence S Bloor

After an inspection of the site, the director said the company will blast to clear the way for forms for new concrete work enclosing the run in the section around West Eighth and Ninth Sts.

North Carolina has had 10 capitals

Controls

(Continued from Page One)

more stringent control powers in the new law

The amendment would limit future price rollbacks on any agricultural product to 90 per cent of the price on May 19 this year

Chairman Spence (D) of Kentucky declared the amendment ' breaks down the bill" He said beef prices already pared 10 per cent would be the only O P S order directly affected

The action is tentative because the committee now is voting on its bill section by section. The amendment, before being recommended to the House, must be approved in a final, over-all vote

The Senate committee went along with the administration yesterday in rejecting, 8 to 4, a proposal to strip the Defense Production Act of wage-price control authority.

Truman asked Congress for higher taxes, tighter credit controls and ' fair ceilings ' on farm products He sought controls over credit on existing housing and commercial, as well as residential, rent ceilings He asked for an extension of the over-all law until June 30, 1952.

The Senate committee killed the provision for control of commercial rents Members said it agreed to what would work out as a 5 per cent increase in present private rents

Wilson told a news conference yesterday the administration may have to drop some of its requests for stricter controls in order to get a new law.

He said nothing had been done yet about a compromise, but added

"I've got to consider what we can and should do about it We may come down to that, but I am hoping not"

Teachers Get Hike Of $325

Other Personnel To Share Salary Boost

(Continued from Page One)

itional money for at least the first year of the 2-year levy

Fordyce said the legislature was to reconvene today to act on vetoes and that indications are the school-aid bill, temporarily cast aside during the closing days would come up for reconsideration

Should the House and Senate reach a compromise on the bill, and if it is approved by Governor Lausche, there is a possibility some additional state money would come to East Liverpool, he added.

The increase will boost the starting salaries for teachers with a Bachelor Degree, to $2,675, those with a master s degree to $2,925 per year and teachers, with three years of college training to $2,275.

Thirty-eight with Master s Degrees are receiving the present maximum salary of $3,300 and with the increase will be paid $3,625. Twenty-seven with Bachelor Degrees receiving $3,050, will be paid $3,375, and 14 with three-year training will get $2,975. Teachers working on temporary certificates now range from $2,125 to less than $2,500.

The board also increased the hourly rate from 1 to $1 20 for janitors who clean and repair school buildings during the Summer.

This will apply only to janitors whose regular salaries at one building would be less than $1 20 an hour and would not affect those already paid in excess of that

All janitors at buildings other than the High School, Memorial Auditorium and Central School are eligible for the Summer work which started June 18 They will return to their own buildings Aug 16.

Boy Scout Advanced; 5 Given Merit Badges

One Boy Scout was advanced to second class and five others received merit badges at the Southern District Board of Review held Monday night at the City Hall

William McKeever Jr of Troop 7 was awarded his second class badge

Merit badges went to William Fischer of Troop 43, cooking and Gary Liebschner, art and reading Charles Lampman, firemanship, Dan Ogilvie, home repairs bird study and music, and Vinnie Broomhall, music and bird study, all of Troop 31

Harry Greenwood Heads Nazarene Group

Harry Greenwood of East Liverpool was elected president of the newly-formed Men's Fellowship of members of the five Nazarene Churches in East Liverpool, Chester and Newell.

About 36 attended the meeting Monday night at Hoge's Curb Service when Earl Ramstad of Pittsburgh, an official of the U S Tire & Rubber Co, was speaker.

Other officers elected were:

Lawrence Jackson, vice-president, Oral McGown, secretary-treasurer, and Clifford Silverthorn and Luther Hall, trustees

The LaCroft Nazarene Church Quartet sang and group singing was led by Donald Skidmore with Ray Davis accompanist.

Pietranton Tallies Funds For Court

WELLSBURG, June 16 (AP)—Hancock County Prosecutor Frank A Pietranton yesterday explained to within a cent where the money is he is alleged to have fraudulently converted to his own use

Pietranton took the witness stand in his own behalf and told the court this.

That his contract with Eugene James Iacone, 52, in an automobile accident settlement called for 50 per cent of the settlement instead of the one-third as Iacone and his wife have testified.

That he agreed to pay Frank A. O Brien Sr., Wheeling attorney who assisted him in the case, an amount equal to one-sixth of the overall settlement.

He explained that when the amount of the settlement first became known, he took one-third of that amount—$6,166 66—from which he paid O Brien $3,033.33.

The Iacones then insisted, Pietranton continued, that a $500 doctor s bill be paid before the final settlement was figured. The attorney said that he agreed to the request, although it was not provided in the contract, and that he then was entitled to $9,000 of the remaining $18,000.

The amount he is accused of converting to his own use—$2,833 33—represents the difference, within a penny, between the $9,000 and the $6,166,66 he obtained earlier to settle with O'Brien.

Pietranton was the final witness for the defense, and direct examination was completed yesterday Cross-examination by the state was expected to start today.

Bloor To Investigate Complaints Of Smoke

City Council instructed Safety-Service Director Lawrence S. Bloor Monday night to investigate complaints of smoke and clay dust from the Louthan Manufacturing Co plant on Harvey Ave

The complaint was lodged by a six-man delegation of nearby residents, with H B Fuller of Michigan Ave as the principal spokesman.

Fuller said the plant is responsible for heavy soot and smoke, along with "white clay dust".

Bloor said he will attempt to arrange a meeting with company officials Wednesday at 1 p. m. and asked the delegation to accompany him

In reply to a question from the floor, Solicitor John B. McDonald said he does not know if there is a city ordinance regulating the height of smoke stacks. The best remedy is a city-wide anti-smoke law, he said. Or residents could ask Common Pleas Court to enjoin the company to abate the nuisance.

Fuller also complained of heavy truck traffic using Michigan Ave, which is paved with blacktop.

Quartet To Sing

LISBON, June 19—The Crusader Male Quartet of the Eastern Nazarene College, Wollaston, Mass, will give a concert at 7 30 p. m. Wednesday at the Church of the Nazarene.

Offers Complete Relief from Constipation, the clogging, TRANSIENT kind! DR. EDWARDS' OLIVE TABLETS

Fit For Flower Pot

RICHMOND Va — Mrs Julian Todd tried to find some way to stiffen a floppy loose ribbed white crocheted hat she made for summer wear She tried starch and other suggested ways to no avail Finally she tried a sugar solution and now is considering using the hat for a flower pot

Crypt Tells Of Hapsburgs

300 Years Of History Lie Beneath Church

VIENNA June 19 (AP) — Three hundred years of history the story of the fabulous Hapsburgs lie buried in a crypt beneath the ancient church of the Capuchins here

One can almost sense the ghosts of the family which once ruled much of Europe floating through the church It was built in the inner city by Emperor Mathias who died in 1619 and was buried in the crypt

Almost all that is left of the family lies there—141 caskets of copper pewter and lead laid out in the underground burial place

The last emperor there was Franz Josef who died in 1916

Twelve emperors and 15 empresses including Napoleon s second wife an mEdpe——— ond vife and Emperor Maximilian of Mexico are interred there

The crypt is open to the public now Not long ago only the Capuchin monks who guarded it and Hapsburgs were allowed to enter

The most magnificent coffin is an eight ton double sarcophagus of the Empress Maria Theresa who died in 1780 and of her consort Franz I Made of pewter it was built 26 years before her death She wanted to supervise the work The sculptor B J Moll topped it with Maria Theresa s idea of her meeting Franz in heaven

Franz Josef is almost the only one to choose an unadorned coffin of copper He is flanked by Empress Elizabeth assassinated in Geneva in 1898 and his black sheep son Rudolf who shot himself in 1889

1,000 Visit Lisbon's Historic Stone House

LISBON June 19 (Special) — The Historical Society s museum a restored old stone house built in 1807 attracted over a 1 000 visitors during open house last week according to George Lafferty president

The home will be open tonight from 7 to 10 in conjunction with the annual flower show of the Garden Club at the Methodist Church across the street

Mr Lafferty said the museum will be open one day each week

'A Mule's Foolproof,' Authority Declares

LINCOLN Neb (UP) — A mule isn t as stubborn as some people think

That s the opinion of William J Loeffel professor of animal husbandry at the University of Nebraska

A mule is not necessarily stubborn Loeffel said he s so smart he just doesn t let himself be maneuvered into a dangerous position '

Loeffel said you can t stampede a mule into doing something he doesn t want to

A mule, Loeffel said is fool proof '

Charity Bread Graces Entrance To Church

PORTSMOUTH, N H (UP) — One Sunday each month a loaf of bread is placed on a table in the entrance to St John s Episcopal Church

The monthly loaf observes the spirit if not the letter of a legacy left to the poor of the parish nearly two centuries ago

Theodore Atkinson left $1 000 to be used to buy bread for the poor For more than 100 years the bread was distributed at Sunday services

The Atkinson bequest has since been transferred to the church s general fund The bread is placed at the church door in memory of the 18th century benefactor

Howard Kell of Virginia Ave., Chester, is seriously ill at City Hospital.

HEADS PACT FORCES. U.S. Admiral Robert B. Carney has been named commander in chief of Atlantic pact forces in southern Europe. His appointment left open whether an American or a Briton will command naval forces in the Mediterranean.

Will Draw $7,825 Annually

Fordyce's Contract Renewed For 3 Years

Renewal of his contract for a three-year term was tendered Superintendent W. G. Fordyce by the Board of Education Monday night.

Raymond S. Buzzard of the Finance Committee reported the board, at an informal session, unanimously agreed to the offer, which will be placed in written form for his signature. He indicated he will accept.

He will receive his $7,500 salary, plus the $325 the board granted all other school employees last night.

Fordyce came to East Liverpool in the Summer of 1945 from Euclid, a suburb of Cleveland, where he was principal. He succeeded Martin W. Essex now of Lakewood. His first contract was for three years and this was renewed in 1948. His present contract expires July 31.

There was no discussion on the action, Buzzard making the announcement just before adjournment.

On recommendation of Fordyce, three new teachers were approved for the term beginning Sept. 4. They are Miss Patricia Belaney and Mrs. Virginia Llewellyn of East Liverpool, and Mrs. Ruth McCoy of Wellsville.

Fordyce said they have been employed in Columbiana County schools the past three years but do not have college degrees at present time and will work on temporary certificates. He said he inquired at several colleges and universities for graduates but was unable to interest those with degrees.

W. G. FORDYCE

He'll retain school position.

Inland U.S. Governors Plan Organization

OMAHA, Neb., June 18 (AP)—A new 15-state organization of inland America governors is in the making.

It would parallel similar organizations now embracing the South, the West and New England.

It grew out of a 15-state governor's conference of inland America held here yesterday as a sounding board for views on the St. Lawrence seaway, Missouri River development and other resource subjects affecting Great Lakes and Missouri basin states.

"We felt that a permanent organization of the governors of these states could contribute greatly to the solution of mutual problems, not as a regional bloc, but as a means of dealing more effectively with the common interests of the area," the six governors attending declared in a joint statement.

8-Ounce Baby Lives

MIAMI, June 19—An 8-ounce girl born four months prematurely was still alive today in an incubator at Jackson Memorial Hospital.

Bumps Into 30 Days

FORT WORTH, Tex. — Mike Hudson, 41, made a mistake when he bumped a parked motorcycle with his car. The motorcycle was that of Officer W. T. Curtis, who arrested Hudson for drunken driving. The bump cost Hudson a 30-day sentence.

Colombians At Front

TOKYO, June 19 — The first troops from South America to reach Korea — a battalion from Colombia—arrived Saturday, the Army announced today.

Gas Executive Dies

ZANESVILLE, June 19—Fay B. Seaman, 55, district manager of the Ohio Fuel Gas Co. since 1945, died yesterday in Good Samaritan Hospital.

Naval Chemist Quits In Face Of Spy Charge

WASHINGTON, June 19 (AP)— Dr. Stephen Brunauer, suspended chief research chemist in the Navy's weapons development section, has resigned in the face of a senator's charge that he was "one of the figures in the atomic spy ring".

After the Navy announced his resignation yesterday, Brunauer said "past mistakes" of 25 years ago cost him his job, although "I have been a strong anti-Communist for 18 years". He said he resigned to avoid being "a source of embarrassment" to the Navy.

The 48-year-old Hungarian-born scientist declared himself "intensely loyal to the United States". He said he "never committed or contemplated an act of disloyalty to my country or its armed services".

"I am sure," he added, "that some place in the investigative process a terrible mistake has been made."

Lisbon Case Dropped

LISBON, June 19—Robert Ford, 219 South Market St., scheduled for a hearing Monday night before Mayor Kenneth Hiscox, was released when the charge of striking and abuse was withdrawn by Agnes Pappas, same address. He was arrested early Sunday morning.

Three-Hit Pitching By Jack Rogers Stops Litten Motors, 5-2

Hoppel And Talbott Lead Golden Star At Plate

Litten Motors' chances for a tie for the City League lead were dimmed Monday night as Jack Rogers silenced the runners-up with three hits as his Golden Star teammates connected for eight and a 5-2 victory.

The league-leading Homer Laughlin nine will clash with third-place Irishtown, minus Manager Bob Campbell, who is under a week's suspension, tonight at Wellsville while Wilson's market will meet the cellar-dwelling Elks at Patterson Field.

A victory for Laughlin's will enable them to increase their lead to a game and a half while a win for the Irish and Wilson's will pull them into a virtual tie with Litten's for second.

Litten's sent Del Manning to the mound in an effort to whip the Dairymen but Manning was tagged with his first loss after three straight wins.

Don Hoppel with two doubles and a single in three trips and Ron Talbott with a double and single in two times at bat paced Golden Star at the plate.

Rogers yielded two hits in the second when the losers registered both runs to tie the score after the Dairymen broke on top.

With two out in the first, the winners plated one run when Ken Treleven doubled and scored on Bob Boston's single.

Talbott singled in the second and Hoppel followed with his first two-bagger. Johnny Unger singled to drive in Talbott after Rogers had grounded out.

Francis Mackall tripled for Litten's in the second and raced home on a wild pitch by Rogers.

Don Hancock walked, pilfered second and moved to third on Don Coleman's single. He scored on Don Glenn's long fly.

Golden Star sent the winning runs across in the third. Guy Sillence and Jim Harriel walked. Talbott blasted his double to drive in Sillence with Harriel scoring on an error on the play. Hoppel's two-base wallop plated Talbott.

Craig Rides 31st Winner At Waterford

Jockey Howard Craig rode his 31st winner Monday afternoon at Waterford Park when he booted home Auld Sod in the second race.

Craig also had two seconds and two thirds to run his totals in those divisions to 31 and 22, respectively.

Sam Palumbo holds second with 19 wins, 20 seconds and 19 thirds. Mike Sorrentino is third and J. R. Layton is fourth.

Long shots again dominated the program, winning five of the eight races. Byja Copo with Martinez up returned the best payoff, $22.80.

The total mutuel handle through Saturday was $4,245,635 while Saturday's mutuel total of better than $311,000 was the second best of the meeting.

Watts Retained As Liverpool's Grid Coach

1-Year Pact At $4,525 Set By Board

Wade Watts, former Baldwin Wallace College grid star, was retained as head football coach of East Liverpool High School for the 1951 season at a special meeting of the Board of Education Monday night.

Recommendation for rehiring the Potters' grid mentor was made by Superintendent W. G. Fordyce and was approved unanimously by all five members of the board.

His one-year contract calls for $4,525, the $325 boost coinciding with that granted other teachers.

The ex-Baldwin Wallace passing and kicking wizard will open his third season as head of the Blue and White grid forces in September.

In his first season in 1949 his Potters won six and lost four, the best record posted by a local eleven since the record year in 1945. Last year his gridders won four of nine games.

The board took no action on retaining other members of the football staff. They are George Florin, Doyle Nutter, Don Mohr and Lou Venditti, all of whom were hired the same year as Watts.

WADE WATTS
Retained as football coach.

Putting Tourney Set For Saturday At Country Club

A putting tournament will be held at the East Liverpool Country Club Saturday starting at 7 30 p. m.

Pro Andy Petrick said the affair will be for men and women with all entries having partners which will be determined by a draw.

In Sunday's match play against par with full handicap event, George Bloomgren and Dr J. J Laneve finished with 7 up cards to take top honors in the first division, while Gordon Weese was 8 up to win first place in the second division.

Other first division scores showed "Tink" Thompson 5 up, Bill Kelly and J. D. Hall 4 up and Don DeBolt 2 up. In the second division, C. R. Sayre was 6 up and Bill McNutt and H. M. Crossley 5 up.

Bloomgren and J. D. Hall teamed up to win first place in Saturday's best-ball medal play full handicap tourney. They shot a 59. Kelly and DeBolt posted a 63 and Frank Dawson and J. M. Wells a 65.

Weese and F. J Cloran won the second division with a 59.

Vets Win 3rd Straight In Junior Loop, 10-4

Scoring nine runs in the first two innings Monday night against the Eagles, the V. F. W. coasted to a 10-4 victory and its third consecutive win in the Wellsville Junior League.

Gerald Foster fanned 10 batters and didn't issue a walk as he turned in an eight-hit triumph. He also collected two singles while Gene Byers hit a triple and single and Dan Carney connected for a double and single.

Ken Fulton of the Eagles took batting honors with a double and a pair of singles while Ron Green chipped in with two bingles.

Hall Memorial Golf Pairings Announced

Pairings in the annual Hall Memorial Golf tournament at the Country Club were announced today.

Bill Kelly, defending champion, drew William B. Laughlin in a first-round match in the lower bracket of the first division.

In lower bracket matches already played, J. M Wells Sr. defeated J. D. Hall, 1 up, and George Bloomgren beat Don Burbick, 4 and 3.

In a third division upper bracket match, T. H. Kashuba eliminated Ted Erwine, 5 and 4. Two matches in the second division ended even and will be played off.

Bill Hocking and John C. Thompson tied in the upper bracket, while D J. Stonesifer and Dr. H. F. Banfield finished even in the lower bracket.

All matches will be played with 85 per cent of the difference of handicaps.

The pairings:

First division (upper bracket) Everson Hall vs. J. R. Hall; Bob Patterson vs. R J. Schiff; Dr. R. J. Kinsey vs. J. M. Wells Jr.; Dr. A. J Cloran vs. M W. Thompson

Lower bracket—F. A. Dawson vs. J. S. Probst, Kelly vs. Laughlin

Second division (upper bracket) J. D. Thompson vs. H. M. Crossley; Paul Craven vs. R. H. Simmers, J. M. Burnquist vs. F. J Cloran.

Lower bracket—R. T. Hall vs Don Schreckengost. Dr. C. M. Kinsey vs. Dr. C. W. McCutcheon; W. T. Pomeroy vs. William Pickin.

Third division (upper bracket) Dick Brian vs. Ernest Goodwin; Gordon Weese bye; George Steele bye.

Lower bracket—F J. Helsinger vs Dick Crable; Fred Winland bye; George Brewer bye; William McNutt bye.

Suggs Wins Medal Honors In Western

Louise Suggs, who will appear at the East Liverpool Country Club July 6 in an exhibition, proved she's not much good at prognosticating but maybe the medalist winner of the 22nd annual Western Open Golf championship doesn't know her own strength.

Little Miss Suggs used her Carrollton (Ga.) southern drawl to predict not many of the best women golfers in America would break women's par 75 over the 6,670-yard Whitemarsh Valley Country Club course. She was sure none would even come close to the course record of 66.

So what happened?

The freckle faced shotmaker from below the Mason-Dixon Line fired a sensational seven-under-par 68 yesterday, the second best round in Western history, and only two strokes off the course record. Grace Lenczyk of Newington, Conn., registered the tournament best, a 66 at Oklahoma City in 1949. Joe Kirkwood Jr., set the course mark of 66 in 1949.

Miss Suggs faced Mary Agnes Wall of Menominee, Mich., in the first of 16 championship bracket matches today. Two of the day's best matches pitted Mrs. George (Babe) Zaharias against Peggy Kirk of Findlay, O., and Patty Berg against Grace Lenczyk, former National Amateur champion.

Youngsters Take Lead In Western Amateur

SOUTH BEND, Ind., June 19 (AP)—A younger set of players, all in their 20's commanded the qualifying lead today as the second 18-hole grind in the Western Amateur Golf tournament makes way for gruelling match play.

From an original field of 150 will come 64 by nightfall who will be bracketed for man-to-man combat starting tomorrow and continuing through Sunday's finale

Seventeen players matched or bested the regulation 72 card, with stocky Bo Winninger of Stillwater, Okla., banging a 67 for the lead.

Only one stroke behind him with 68 was Dale Morey of Martinsville, Ind. Two comparitively unknowns of the national scene, John Hare, Indianapolis, and Jim English, Omaha, followed with 70's.

Among those grouped at 71 were Frank Stranahan, the perennial amateur threat; Bill Campbell, Huntington, W. Va. and Dow Finsterwald of Athens, O., captain of the Ohio University golf team. Finsterwald carded 37-34—71.

Charley Coe, the defending champion from Oklahoma City, is exempt from qualifying.

Tuesday's Stars

Batting—Monte Irvin, Giants—Singled with bases loaded in the 12th inning to score Hank Thompson with the run that beat the St Louis Cardinals, 5-4

Pitching—Lou Brissie, Indians—Relieved Mike Garcia with the bases loaded and one out in the ninth. Fanned Billy Goodman and retired Johnny Pesky on a grounder to preserve Cleveland's 9-7 victory over the Boston Red Sox.

Wolf's Single In 6th Gives Higgs 3-1 Win Over Tony's In Pitching Duel

Wolf's single in the sixth inning broke up a pitching duel between Kocswara of Higgs Inn and Carter of Tony's Cafe and gave Higgs a 3-1 victory Monday night at the Y-Vodrey lot.

Kocswara allowed only one hit while Carter yielded two. All three hits were singles.

The second game of the twin bill ended in a 10-3 triumph for the Kaycees over Burbick's Hardware.

Meanwhile, Lowell J. Sickler said games rained out May 28 will be played Friday night. The first game will pit the Jaycees against Burbick's Hardware while the Vets and Higgs Inn clash in the nightcap.

Higgs' win moves them within half a game of the Vets while the Kaycees' victory and the loss for Tony's gives the Knights a firmer grip on third place.

Carter was in trouble only in the fourth when two men reached base until the roof fell in in the sixth.

His mates got him a one-run lead in the first when Sirianni was hit by a pitched ball and Weekly walked. The next two batters were retired but McKenzie got Tony's only hit to drive in Sirianni.

Carter clung to the lead until the sixth when he walked Zetello to start the inning. He hit W. Boyd but got the next two batters and appeared safe.

But Bailey's bingle drove in Zetello with the tying run and after Carmichael was hit to fill the bases Wolf came through to drive in two runs.

The Kaycees got off to a four-run lead in the first inning against Burbick's and then coasted.

A walk, an error, singles by Chuck Clendenning, Stepien and Symonak and a double by Johnny Clendenning accounted for the runs.

They added two in the fourth on a two-bagger by Doherty, a hit batsman and Michael's one-base wallop.

A walk and a single by Doherty added another in the fifth while Duffy's safety and a double by Chuck Clendenning accounted for a marker in the sixth.

The last two runs scored in the seventh after two were retired on singles by Dorsey, Doherty and Groubert.

Burbick's tallied once in the first on Heath's two-bagger and Bray's single. The other two counters were registered on Crowe's single, Kelly's two-bagger and Heath's second hit.

Doherty paced the winners with a double and two singles.

'Junk City, County Loops'

Local Fan Advocates New Inter-City League

Writing in response to an appeal from City League officials for suggestions and criticisms on "What's the matter with baseball?", Thomas Payne of East Liverpool advocates a new inter-city league to replace the County League, and intra-city leagues for the development of young players.

He argues that industrial leagues are the soundest of all intra-city leagues, and urges the re-establishment of one here.

Mr. Payne says the "oldtimer", whose letter was published in The Review several weeks ago, is only partially correct in his appraisal.

The advent of the auto and motion pictures as well as other sources of interest have drawn people away from baseball, he claims.

But, he points out, there will be a rebirth of interest in the game and unless something is done now there will be a "sad lack" of player material.

Mr. Payne says, "Any consideration of the decreasing enthusiasm for the game must take under advisement the fact that the quality of inter-city competition has fallen to a point so low as to appear ridiculous to the casual observer.

"We pick up the Monday paper and learn that the East Liverpool representative in the decrepit County League has won an outstanding moral victory by holding Negley to a 4-3 win, or lost an equally close one to Springfield township.

"How blind can you get? Who is going to take a keen interest in such contests, even allowing for the influence of nostalgic memories of earlier tussles with such outfits?

"I am not trying to depreciate the efforts and abilities of these small communities on the diamond, but imagine what the attendance would be at East Liverpool High School athletic contests if its schedule was made up of Negley, Salineville, New Waterford, Springfield township and others of that classification.

"Any attempt to renew local interest must be made by scraping the old league and organizing a new inter-city outfit, including such places as Girard, Niles, Alliance, Boardman, Sebring, Salem, Massillon and Warren.

"Let's see some new faces on local diamonds and let's rebuild some old inter-city rivalries.

"Assuming that interest has been re-established in an inter-city association, the next problem is to encourage the development of young ball players through the existence of any intra-city league.

"In my opinion, all such play is "amateur" in the strictest translation of that word. No one is going to attend these contests unless he or she has a personal interest in one of the contesting teams.

"This is a phenomena of human nature that psychologists can explain, but one that you fellows seem to have overlooked completely in your desperate efforts to keep the league functioning.

"You have allowed the franchises to be grabbed up by people and concerns that were primarily interested in the advertising potential in fielding a baseball team. The soundest intra-city leagues the nation over are the industrial leagues and the reason is obvious once the angles are considered in their proper light and rules governing player personnels are corrected.

"Many of us can remember other intra-city leagues that were successful because the player roster for each team was wholly or partially restricted to men and boys employed by the plant or shop whose uniform they wore. The interest and enthusiasm were real and genuine and originated in the proper place—the shop or business concerned.

"A suggestion for such a league would be that it consist only of teams from such organizations as Homer Laughlin, Harker's, T. S. & T., Hall China, East Liverpool businessmen, Wellsville merchants and West Virginia stores.

"It is silly to go on with this ostrich-like hiding of the head in the face of continued public apathy. It is time to look the situation in the teeth and either make the necessary adjustments or toss in the sponge.

"Even big league baseball could not survive if it were not for the capacity of the people in any given section to identify themselves with the team representing that section. This is the essence of enthusiasm for athletic contests.

"The interest must involve the personal element. Under such conditions, errors and awkwardness are accepted as necessary evils and, under the pressure to win, each player consciously tries to perform with greater perfection."

Ted Williams is the 11th major leaguer to have hit more than 300 home runs.

White Sox Open Big Series With Yanks

Indians, Cubs, Giants Win

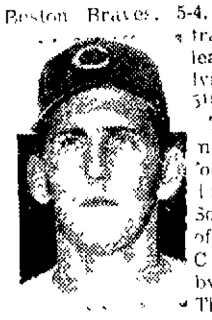
By JOE REICHLER
Associated Press Sports Writer

Baseball's big question — how good are the White Sox?—may get its answer in the next 72 hours

Opening with a double-header today, Chicago's "rags-to-Richards" club takes on the defending champion Yankees in an important four-game series in New York

Both clubs rested yesterday as only six teams saw action Cleveland moved a step closer to the American League leaders, outslugging the Red Sox in Boston, 9-7. Bob Feller, although hit hard, staggered to his 10th victory against one defeat. Harry Taylor was the loser.

The New York Giants nipped the St Louis Cards, 5-4, in 12 innings and the Chicago Cubs shaded the Boston Braves, 5-4. The Giants trail the league-leading Brooklyn Dodgers by 5½ games.



Borkowski

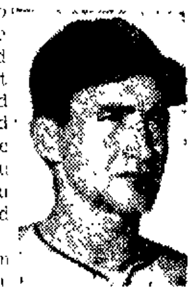
The Yankees must sweep the four games to displace the Sox at the top of the league as Chicago leads by 3½ games The Chicagoans appeared in good shape following their two wins in Philadelphia Sunday after the Athletics had captured the first three games of the series.

White Sox Skipper Paul Richards reached into his pitching grab bag and came up with another surprise starter in young Marvin Rotblatt The little rookie from Memphis was to hurl one of today's games. Joe Dobson, curly-haired veteran obtained from the Boston Red Sox last winter, was to pitch the other.

Casey Stengel of the Yankees announced he would counter with Vic Raschi, his ace, and Stubby Overmire, recently obtained from the St. Louis Browns. A crowd of 40 000 was expected today with perhaps another 30,000 attending each of the singles on Wednesday and Thursday

Feller was supported by a 14-hit attack yesterday and needed all of those safeties, too. He went into the last half of the ninth with a 9-4 bulge and appeared on the way to an easy win

But Ted Williams received a free pass. Feller retired Vern Stephens but walked Bobby Doerr Manager Al Lopez summoned Mike Garcia, who walked Clyde Vollmer to load the bases Walt Dropo singled in two runs and Les Moss drove in another. Lou Boudreau walked to load the bases.



Al Dark

Lopez then called in Lou Brissie The lefthander was superb, striking out the dangerous Billy Goodman and getting Johnny Pesky on a groundout.

Sam Chapman was the big Indian sticker. He got four hits, including a home run Al Rosen and Ray Boone also homered.

A double by Bruce Edwards followed by Bob Borkowski's single in the last half of the ninth broke up a 4-4 tie and gave the Cubs their 5-4 victory over Boston.

Monte Irvin's single off the left field wall scored Hank Thompson in the 12th inning with the run that won for the Giants over the Cards Thompson had opened the frame with a double off loser Clyde Boyer.

Sal Maglie, who relieved starter Dave Koslo in the ninth when the Cards tallied twice to tie the score at 4-4, was the winner It was his 11th win, tops in the majors

Whitey Lockman, Willie Mays and Alvin Dark homered for the Giants

Picked Big 10, Coast Track Teams To Clash

EUGENE, Ore, June 19 (AP) — Picked teams from the Big Ten and Pacific Coast Conferences compete in their annual dual track and field meet late today and the far western lads are favored to clip the visitors for the seventh time since the series began in 1937

The intersectional battle gets under way on the University of Oregon's Hayward Field at 5 p m. Pacific daylight time

Each team boasts a pair of NCAA winners. They are pole vaulter Don Lax of Illinois and two-miler Don McEwen of Michigan, for the Big Ten, and high hurdle king Jack Davis of Southern California and broad jumper George Brown of UCLA Needless to say all four are favored to collect their five-point firsts.

Negro Girl Tennis Star Says Tourneys 'Tough'

LONDON, June 19 (AP)—Althea Gibson first American Negro tennis champion to hit the English tournament trail that leads to hallowed Wimbledon, wrapped her long legs around a folding chair and declared emphatically.

"Yes sir, it's tough over here You've got to be good to win."

The 23-year-old South Carolina girl, who stands 5 feet, 10 inches, is playing in the London grass courts championships this week—her third major English tournament.

She lost to Doris Hart of Jacksonville Fla in the finals of the North of England championships at Manchester and to Betty Rosenquest of South Orange, N. J., in the semi-finals of the Kent County championships at Beckenham last week

Next Monday she will be the first American Negro to play in the world famous all-England championship at Wimbledon.

Today's American pairings include:

Women's single (second round) Shirley Fry, Akron, O, vs Helen Fletcher, England.

Midland Vikings Beat V.F.W., 6-4, For 13th

The Midland C.I.O Vikings continued as the class of the district's softball teams Friday when they defeated the Veterans of Foreign Wars of the local City League, 6-4, at the Y-Vodrey field.

It was the 13th straight for the unbeaten Vikings who spotted the Vets four runs in the first inning when Woods blasted a home run. Midland came back with three in the third and three in the fifth as Devich shut out the Vets after the first. He allowed five hits

The Vikings hammered nine off Ratkovich, including two each by Vorkapich and Mamuzich.

Graziano Knocks Out Freddy Lott In Fifth

BALTIMORE, June 19 (AP)—Former Middleweight Champion Rocky Graziano toyed with Freddy Lott for four rounds last night before flooring him with a two-fisted attack in the fifth round of their scheduled 10-rounder at the Coliseum.

The end came for the Newark Negro in 2 17 of the fifth. Evidently angered at being pounded by Lott while on the ropes, Graziano recoiled and battered Lott around the ring until he finally fell on his face.

Sports Mirror

By The Associated Press

Today a year ago—The Brooklyn Dodgers defeated the New York Giants, 8-5, to go into a tie with the St. Louis Cardinals for first place in the National League.

Five years ago — Joe Louis knocked out Billy Conn in the eighth round of their heavyweight title bout in New York.

Ten years ago—Owen Tudor won the English Derby at Newmarket, England.

Twenty years ago — Harvard's varsity crew defeated Yale for the first time since 1927 at New London, Conn.

Freight Protected

CHICAGO—A new device will help railroads minimize damage to freight shipments. It is made up of adjustable steel gates which are locked in place in the freight car at ceiling, wall and floor, dividing the car into compartments and lessening most damage caused by shifting loads and unsecured parts.

Chandler Will Step Down As Czar Thursday

CINCINNATI, June 19 (AP)— A B (Happy) Chandler's days as baseball commissioner grew a bit shorter today.

Chandler notified President Warren Giles of the Cincinnati Reds yesterday that he will arrive here Thursday The baseball boss, voted down on his bid for a contract renewal, is expected to sign his severance contract with the game the same day.

The contract absolves Chandler from legal liability regarding suits brought against organized baseball during his administration. It has been approved by the commissioner's lawyers and by major league club owners

Giles was delegated at the club owners' meeting last week to inform Chandler of approval of the contract.

Wilson's Market Downs Irondale Cello-Steel, 8-3

A five-run outburst in the second inning was enough to give Wilson's Market an 8-3 victory over Irondale Cello-Steel nine Monday night at Wellsville.

Jack O'Rourke and Tommy Piatt held the losers to five hits while Wilson's connected for 14, including three each by Mocky Walker and O Rourke

O'Rourke had a home run, double and single with Walker contributing a double and two singles

McLain and Berry each hit triples for Irondale.

Old Gong Of Fight Ring Prized By Merchants

REVERE, Mass. (UP)—A spring-operated gong, found in an old stable here, is a prized possession of Archie Cotton, hardware merchant.

Around the turn of the century, Rooney's Stable was the scene of a number of prize fights and the gong was used to signal the rounds.

An employee of the stable who often participated in such bouts was Jack Johnson, who in 1908 became world heavyweight champion.

Deaths Strangely Near

HOLDREGE, Neb—Mrs Alfred Sunblade died in a local hospital within minutes of the death of her granddaughter, Mrs Jean Novak, 25, in a Denver hospital.

Large Wheat Harvest Seen

Extension Of Corn Crop Loan Expected

LISBON, June 19 (Special) —A national wheat crop of over a billion bushels appears certain for the eighth consecutive year, according to "Econogram", news bulletin prepared by Agricultural Extension economists at Ohio State University and distributed by Floyd Lower, county extension agent

As of June 1, wheat experts figured U S farmers will thresh 1,054 million bushels.

The "Econogram" also said the first 10 months of the farm price support program for the current fiscal year cost the government $176,500,000.

Commodity Credit Corp. loans may be extended on the 1950 corn crop through July 31, 1952. Corn under purchase agreement also will be eligible for loan On April 30, 1951, about 49 million bushels of 1950 corn had been put under loans and 740,000 bushels covered by purchase agreement

Farm boys requesting draft deferments must supply complete and accurate information when sending in their questionnaires. Draft age has been lowered to 18½ years and period of service extended from 21 to 24 months.

Midwest livestock markets reported 14 per cent fewer cattle than a week ago, and 27 per cent under last year Prices were 50 cents to $1 lower for the week. Hog receipts increased 20 per cent over last week, but prices closed 25 cents to $1 higher, the bulletin said

Commuter To College Goes 70 Miles Daily

MONTGOMERY, W. Va (UP) — William Burdette figures he's gone a distance equal to one and a half times around the world to get his college education—without leaving the state.

Burdette lives at Lookout, W. Va 35 miles from here.

During four years at West Virginia Tech, he has commuted the distance every school day. The round trip over the rugged mountain road takes him more than two hours.

Rhode Island Marks Own 'Fourth Of May'

PROVIDENCE, R. I. (UP) — The Fourth of July has patriotic significance in the other states, but in Rhode Island the Fourth of May means the same thing.

On May 4, 1776, Rhode Island declared its independence from Great Britian—just two months before the Declaration of Independence was signed at Philadelphia.

NAMED BY TRUMAN. New New York police commissioner Thomas F Murphy has been nominated by President Truman to succeed Judge Harold R. Medina as U S District Judge for the Second District of New York

Balked By Mail

WAKEFIELD, Mass. — Joseph A Bernabeo, a professional photographer, got an invitation to take pictures at the installation of officers of a women's club He lost out on the deal. The invitation was dated four months previously The local post office, just five blocks from the Bernabeo's home, had delivered it late.

Higher Education Out For Barber Licenses

LANSING, Mich. (UP) — A bill was considered in the Michigan state Senate recently which would have required that applicants for barber's licenses have at least a 10th grade education.

State Senator Frank Heath of Bay City objected to the provision. however.

"All it would do," Heath said, "is raise the level of conversation in Michigan's barber shops."

FIRED Mrs Monica Felton, 44 was fired by the British government from her $4 200-a-year job after she accused American and British troops of brutalities in Korea Mrs Felton novelist and longstanding Labor party member returned recently from a 12-day tour of North Korea organized by a left-wing women s movement

Irondale Marine Gets Bronze Star In Korea Combat

The Bronze Star medal has been awarded an Irondale Marine blown from his exposed machinegun position three times by communist hand grenades only to struggle back and continue firing to help beat off an enemy attack

Private First Class Lewis H Crawford Jr son of Mr and Mrs Lewis H Crawford of Irondale R D 1 received the decoration for the combat incident Dec 7 with the First Marine Division in Korea

The 22-year old assistant gunner in a machinegun squad took over the weapon when the regular gunner was killed in an attack by a superior enemy forces armed with rifles machineguns and hand grenades

The citation said

While delivering direct fire on the enemy he was blown from his position three times by enemy hand grenades each time he returned to his exposed position and continued firing his mission thereby contributing materially to the repulse of the enemy attack "

Mullen's Talk Opens Session Of Methodists

Rev Stanley Mullen gave the memorial address to open the 13th annual session of the Northeast Ohio Conference of the Methodist Church today at Lakeside More than 1 000 pastors and lay delegates were in attendance

The First Methodist Church s pastor is chairman of the Board of Ministerial Training and of the Commission on Worship

Tonight will be presented the first of four sermons by Dr Joseph R Sizoo president of the New Brunswick (N J) Theological Seminary

The conference will close Sunday with the ordination of deacons and elders under the direction of Bishop Hazen G Werner

One study indicates that at the age of 25 about 35 of every 1 000 Americans have some chronic illness of major disability

LEGAL NOTICES

LEGAL NOTICE

James Steiner Greene who reside in Johnstown N Y and whose mailing address is P O Box 70 Johnstown N Y will take notice that Charles F Pringle Administrator of the estate of Lisbon Street line of said land at Frances M Pringle deceased on the 8th day of May 1951 filed his petition in the Probate Court within and for the county of Columbiana and state of Ohio alleging that the personal estate of said decedent is insufficient to pay her debts and the charges of administering her estate that she died seized in fee simple of the following described real estate situate in the City of Wellsville Columbiana County and State of Ohio and further described as follows

Being the undivided one half interest in part of the premises deeded to Helen W Arnold by Mary Ellen Driggs recorded in Vol 264 Page 285 of the records of Columbiana County Ohio The premises now being conveyed more particularly described as follows Beginning at Coal Street (now a point Eighty One (81) feet distant from the Westerly corner of said lands (said westerly corner being at the corner lot formerly occupied by the Methodist Protestant Church) thence North 37° east with the line of Lisbon Street a distance of Twenty Seven (27) feet to a point thence South 53 East a distance of Eighty Two and One half (82½) feet to a point thence South 37 West on a line parallel with said Lisbon Street a distance of Twenty Seven (27) feet to a point thence North 53 West a distance of Eighty two and One half (82½) feet to the place of beginning Being the premises conveyed by Andrew Hoffman to Charles F Pringle and Frances N Pringle by Warranty Deed and recorded March 24 1921 in Vol 475 Page 499 of the Records of Columbiana County Ohio

The prayer of said petition is for the sale of said premises for the payment of said debts charges aforesaid

The person first above mentioned will further take notice that he has been made party defendant and that he is required to answer the same on or before the 30th day of June 1951

Radio In Review

By JOHN CROSBY

She Loves It. She Thrives On It

Kate Smith one of the most voluminous objects a 10-inch screen was ever asked to encompass has projected her spongy but inexhaustible charm to uncounted millions of women for 20 years now a notable anniversary It s Paris' 2 000th Kate s 20th and the odds around Bleeck s are that Miss Kate will outlast Paris by several eons

Miss Kate has not entirely deserted her first love radio Miss Kate sings Miss Kate speaks Fifteen minutes of each five days a week on that old sightless object gathering dust in the corner.

But Miss Kate's heart and the rest of her seem dedicated now to television where you ll find her for a solid hour (N B C -TV 4 p m Mondays through Fridays That s quite a lot of work for the lady, but, as she said in an interview ' It s fun and easy I love to hold conversations with a group of people This way I can talk to millions as if I were sitting in their own front room That s an honor and a privilege "

— —

HER ARDUOUS schedule is one of the standard topics brought up by guests on the show ' How can you do it every day Kate ' asked Sonja Henie one of the guests

Said Miss Kate I love it I m thriving on it " This is the essence of the Kate Smith philosophy She loves everyone thrives on everything This interview was fairly characteristic of all of them It consisted of long questions from Kate, fairly short answers from Sonja In other words more Smith than Henie

As Berle says to Youngman ' If you don t like it get your own show ' I was particularly entranced by one question Tell me about your experience in Hollywood ' A broad question that one, and one that Miss Henie handled expertly

The Kate Smith Hour opens with Miss Kate singing in her rather florid voice usually about the virtues of being alive and proceeds with great dispatch into the commercials ' Every day for twenty days you may win $1 000 in cash Just complete a sentence '

Everyone is completing sentences again in 25 words or less in the hope of winning a billion or so at the very least a trip to Bermuda They ve even got Godfrey doing it

The rest of the show like Miss Kate herself is amorphous You may encounter Landry and Vernon a couple who do ballroom dancing of that particularly unlikely kind where the lady s arms weave about like the neck of a swan in convulsions Then she winds up on the shoulders of the man spinning wildly arms outstretched and presumably dead

I attempted this form of ballroom dancing on Fire Island once and emptied the floor Took out two tables and came close to demolishing a wall Never seen the girl since

From there Miss Kate may go, as she did the other day, to tell you the story of the little boy who put a glass of dandelions at the bedside of his sick little sister The sick little sister recovered miraculously The little boy said Thank you God '

From the Divinity we proceeded rapidly to a commercial on how to keep your skin soft and lovely till the age of 112 Then we got the style show with which the afternoon air is studded Keep your pocketbooks buttoned, men They re after us again

— —

THIS ONE was a showing of bathing suits enveloping some very pretty girls and right here my notes are a little scrambled I can t follow fashion language any better than the next man

One of these bathing suits according to the fashion announcer was—it says here— a lastex impossible girdled by a very fine shade of turquoise which (it says here) is a leprous shade of yellow ' It was also shirred scalloped appliqued and was covered with what I gathered was unpicked fruit in unabashed shark skin So much for fashion

Various intervals of the hour appeal designed to get the women viewers back to the dishes Piano music for example where the standard tunes The Blue Danube for example, gets a heavy play and these don t require much watching

There are short intervals three days a week when the Kate Smith Hour is freighted with some heavy stuff—interviews by Ted Collins Miss Smith s mentor with such people as Senator Kefauver or Secretary of Labor Maurice Tobin—but this happily plays second fiddle to the bathing suits

It all ends with Miss Kate singing as she has these many years about the moon coming over the mountain Altogether for an afternoon show it s an elaborate production and for women I imagine an appealing one

To the men — well you guys ought to be hard at work at the office at that hour anyway

Like A Bed Spring

BOZEMAN, Mont June 19—Officials of the American Farm Bureau Federation yesterday hit at price control which was likened to a bed spring ' The farther you push it down now the farther it is going to go up when you let go '

$13,677 Seen Projects Cost

Bloor's Estimates Presented Council

Safety Service Director Lawrence S Bloor presented City Council Monday night estimates totaling $13 677 for two storm sewer projects repair of city owned buildings and resurfacing of Avondale St

Council asked the finance committee to investigate the director s requests which included

Resurfacing of Avondale St $8 000

A storm sewer at a formal Beechwood dump $2 091

Another storm sewer to handle the flow of water off Lisbon St into LaCroft $936

Replacement of the tubes in both boilers in the City Hall heating system $953

A new water heater for City Hall, $430 including $100 for installation and

Repair of a flushing tank at the Water Works estimates ranging from $2 220 up to $8 000

Bloor also suggested converting one of the City Hall boilers to gas Both are coal fired

Both the heating system and the water heater at City Hall are part of the original installation when the building was erected 17 years ago, the director said

Biggest Blimp Ready To Chase Snorkels

AKRON June 19 (AP)— In any future battle of blimp versus snorkel the U S Navy can throw in the world s largest non rigid airship The new giant ZPN type was flight tested here before dusk last night

With a length of 324 feet and an envelope holding 875 000 cubic feet of helium gas the ZPN is nearly twice as fat as the blimps — some 130 in number — used for submarine chasing in the last war

The big ZPN was designed to do about 75 knots an hour But engineers at the Goodyear Aircraft Corp which produced the monster said a more important attribute is the ability to hover over the sea at very low speeds Another feature of the ZPN is a water pickup system which permits the blimp to gather new ballast at sea

Kills Three, Self

PUYALLUP Wash June 19—A service station attendant disappointed over his inability to buy his own establishment, shot his wife and two daughters to death yesterday and then committed suicide

Board To Seek Sentiment On New Schools

PTA Representatives And Others To Attend Meeting Next Week

Representatives of Parent-Teacher Associations and others interested in a school building program will be called into a conference probably next week to discuss plans of the Board of Education to submit a bond issue in November

This meeting was arranged by the board Monday night in an effort to obtain ideas from representative citizens as to a building program before proceeding with plans for the bond issue

Tentative plans call for a Junior High School downtown and another in East End and a downtown grade building to be located at some central place the latter would replace the Sixth St Third St Grant St West End and Washington schools The board is awaiting estimates of the architect before announcing the amount of the issue

Considering sites, the board Saturday night inspected the Sixth St school, the Y-Vodrey lot on Bradshaw Ave and the school s eight-acre tract on Pennsylvania Ave at Oakland

A further study of grounds will be made before it announces definitely in what areas the new buildings will be erected providing the bond issue receives 55 per cent affirmative vote

Superintendent W G Fordyce said the Department of Inspection of Public Offices in Columbus last week informed him the board could legally use funds to obtain options for school buildings He said the department will put its opinion in writing

The Building and Grounds Committee was authorized to award contracts to low bidders for interior painting of five schools They are McKinley for $1 450 and Neville for $1 390 to Glenn Horger Horace Mann for $1 460 and Central for $2 290 to Harry C Smith and Grant St, for $1 131 36, to Christ Pallis

Because of insufficient funds the Washington Garfield, High School and LaCroft buildings will not be painted this year

The board also approved the transfer of $10 000 to the building repair fund for painting, furnace repairs and other work during the Summer.

The Stevens Typewriter Repair Service of East Liverpool was awarded the contract for servicing 81 typewriters used in the Commercial Department and the school administrative offices on a bid of $5 per machine

The Remington-Rand Co of Youngstown had submitted a bid of $4 50 for the brush cleaning of the machines and $6 for using a blower and furnishing minor parts as is done by the local firm Stevens held the contract last year

Miss Kathryn Liebschner clerk-treasurer reported a balance of $104 951 80 in the general fund and $4 917 69 in the bond retirement and interest fund, for a total of $109 869 49 Bills amounting to $937 02 were ordered paid

Dies Of Truck Injuries

ZANESVILLE, June 19 — B O Taylor 78, former Muskingum county commissioner died in Good Samaritan Hospital yesterday of injuries sustained May 1 when he was struck by a truck in front of his home

May Free Reservists

WASHINGTON June 19 — The Army hopes to release by December about 100 000 enlisted reservists called to active service since the start of fighting in Korea

India Law Signed Providing More Rigid Press Curb

NEW DELHI June 19 (AP)—President Rajendra Prasad yesterday signed into law a constitutional amendment which includes provisions for more rigid control of the Indian press

The portion of the 14 point measure pertaining to the press created a controversy in parliament but determined Prime Minister Nehru wielded the party whip and forced passage, 228 to 20 on June 2

' Any person who says this amendment curbs the liberty of the press lies ' He shouted in winding up what he called India s great debate Indian editors had contended the amendment would permit unwarranted restraints against newspapers

Officials said Nehru was aiming the curb at publications agitating violence on behalf of Communists and some communal (religious) elements Nehru stressed the other parts of the 14 point measure particularly those pertaining to land reform and nationalization of certain industries

' By these amendments " he declared ' we are sweeping away obstacles to reform Millions have waited years for these changes '

Cigarette Price Floor Killed By Jersey Court

TRENTON N J, June 19 (AP)— State laws setting a minimum price on cigarettes were declared unconstitutional by the New Jersey Supreme Court yesterday

The acts under attack were cited as in part both individually and in combination arbitrary and discriminatory '

Under the law cigarettes now sell in New Jersey at a minimum of 20 cents a package and $1 92 a carton The act itself sets no dollar and cents minimum but forbids sale of cigarettes without some profit It has had the effect of setting the 20 cent and $1 92 minimums however

The 17-page opinion by Justice A Dayton Oliphant said the law unconstitutionally deprives dealers of the right to engage in lawful business in competition with others

Governor Alfred E Driscoll said the court s decision will be given careful study before any further action is taken by the state

Redistricting Action Signed

Lausche Puts Name On Five Other Bills

COLUMBUS, June 19 (AP)—Governor Frank J Lausche yesterday put into law a bill that gives Ohio a 23rd congressional district and abolishes the office of Congressman-at-large

He also let become law without his signature the Fink bill that provides an average increase in truck license fees of 35 per cent to raise an extra $7 500 000 a year

The governor also signed five other measures

The redistricting bill will set up new districts from which Congressmen will be elected in the 1952 election It is designed to make the congressional districts more equal in population

The governor said he is letting the Fink truck license bill become law without his signature because although it is not what he asked of the 99th General Assembly it is a step in the right direction '

The bill provides a graduated scale of license fee increases, according to weight The governor had recommended a ton-mile tax on trucks which would tax trucks according to both their weight and the distance they traveled

The governor voiced objections to the Fink bill generally saying he feels it is an inequitable measure

He vetoed a bill that would set up a state board to regulate shorthand reporters

Bills signed by the governor will

Permit the commercial propagation of pheasants

Let minors 15 years of age or over change the beneficiaries of their life insurance

Relax the hours of work for women and minors during the national emergency

Authorize special automobile license plates for amateur radio operators and physicians

The poplar tree belongs to the same tree family which includes the willow

Floating Mine Blamed For Destroyer Blast

WASHINGTON June 19 (AP)—The Navy said here yesterday that investigations 'definitely have determined that a floating mine caused the damage to the Destroyer Walke off the east coast of Korea June 12

A Navy spokesman made this statement to reporters at a Pentagon news conference after unofficial reports from the Far East had speculated about the possibility that the ship had been hit by a torpedo

The underwater explosion killed 26 and wounded seven men aboard the destroyer.
